Unbridgeable Divide:

From Tribal Division to Welcoming Inclusion Maxine Anderson, 2019-02-08 From Tribal Division to Welcoming Inclusion Psychoanalytic Perspectives provides a fascinating contribution to our understanding of the increasingly polarized and divisive nature of global politics By describing the significant role of early mental mechanisms in interactions between the individual and society the book offers a unique understanding of how our early mental life explains the social cultural and political positions we assume later Splitting and projection are early defences meant to shield the growing mind from unbearable aspects of reality but they hinder our capacity for open minded thought and in contributing to the dangerous atmosphere of us versus them introduce tribal myths of an innocent group and external persecutors The book illustrates these distortions of reality using a range of vignettes notably the myth of white supremacy and the savage legacy of the Civil War in the United States Gaining support from the work of Wilfred Bion the book emphasises the need for integration of mind and the restoration of our capacity to face painful realities including one s own violence and hatred This psychoanalytic study provides a balm for turbulent times It will be of great interest to researchers and interested readers in the broad field of psychoanalysis as well as those in the fields of political science cultural studies and anthropology **Fichte's 1804 Wissenschaftslehre** Benjamin D. Crowe, Gabriel Gottlieb, 2024-02-01 Fichte s 1804 Wissenschaftslehre or The Science of Knowing consists of a series of lectures he delivered in his Berlin home to members of the city s political and cultural elite in 1804 The lectures mark a dramatic shift in the terminology and methodology he uses to explore the nature of knowledge and reality as presented in his philosophical system the Wissenschaftslehre Although not published during his lifetime Fichte s 1804 lectures provide a systematic update to his philosophy of knowledge and being which was only hinted at in print in popular presentations like Characteristics of the Present Age 1805 and The Way Towards the Blessed Life 1806 In fact these lectures contain Fichte s first public articulation of his philosophical position in the wake of the professional disaster of the atheism controversy This volume of new essays not only offers readers novel interpretations of the lectures but also introduces and clarifies key concepts debates the relationship of the lectures to Fichte s Jena presentation of the Wissenschaftslehre and examines issues related to his method and system of idealism The Postmodern Significance of Max Weber's Legacy: Disenchanting Disenchantment B. Koshul, 2005-03-01 One of Max Weber s contemporaries described him as a child of the Enlightenment born too late whose work is a vitriolic attack on religion Subsequent Weber scholarship has largely affirmed this valuation of Weber and characterized his scholarship as a manifestation of the very disenchantment that Weber describes In The Postmodern Significance of Max Weber s Legacy Basit Koshul challenges this idea by showing Weber to be a postmodern thinker far ahead of his time Direct Action David Graeber, 2009-09-01 A radical anthropologist studies the global justice movement Crossing the Stage Lesley Ferris, 1993 Brings together for the first time essays which explore cross dressing in theatre cabaret opera and dance Essential reading for all those interested in performance and the

representation of gender **The Taiwan Tinderbox** J. Michael Cole, 2025-09-16 Russia's invasion of Ukraine in February 2022 shocked the world and overturned assumptions that large scale conventional war was inconceivable in the twenty first century On the other side of the planet democratic Taiwan faces the rising threat of a military takeover by China a conflict whose impact on the international community would be catastrophic Renowned Taiwan expert and former intelligence officer J Michael Cole explains how this Pacific nation has become a tinderbox that could ignite a full scale global conflict Drawing on unparalleled access to Taiwanese government sources and two decades of on the ground observation he explores the root causes of the conflict between Taiwan and China from the identity politics that make peaceful unification inconceivable to the rise of Xi Jinping the most powerful and authoritarian Chinese leader since Mao Zedong With in depth analysis of how the war in Europe is influencing preparations by Beijing Taipei and Washington for a potential cross Strait confrontation **The Taiwan Tinderbox** is an impassioned plea for the defense of Taiwan as a priority for the international community and the future of democracy

Turgenev Avrahm Yarmolinsky, 1926 **Lincoln and the Abolitionists** Fred Kaplan, 2017-06-13 Anyone who wants to understand the United States racial divisions will learn a lot from reading Kaplan's richly researched account of one of the worst periods in American history and its chilling effects today in our cities legislative bodies schools and houses of worship St Louis Post Dispatch The acclaimed biographer Fred Kaplan returns with a controversial exploration of how Abraham Lincoln's and John Quincy Adams' experiences with slavery and race shaped their differing viewpoints providing perceptive insights into these two great presidents and a revealing perspective on race relations in modern America Though the Emancipation Proclamation limited as it was ultimately defined his presidency Lincoln was a man shaped by the values of the white America into which he was born While he viewed slavery as a moral crime abhorrent to American principles he disapproved of antislavery activists Until the last year of his life he advocated voluntary deportation concerned that free blacks in a white society would result in centuries of conflict In 1861 he reluctantly took the nation to war to save it While this devastating struggle would preserve the Union it would also abolish slavery creating the biracial democracy Lincoln feared Years earlier John Quincy Adams had become convinced that slavery would eventually destroy the Union Only through civil war sparked by a slave insurrection or secession would slavery end and the Union be preserved Deeply sympathetic to abolitionists and abolitionism Adams believed that a multiracial America was inevitable **Lincoln and the Abolitionists** a frank look at Lincoln's warts and all including his limitations as a wartime leader provides an in depth look at how these two presidents came to see the issues of slavery and race and how that understanding shaped their perspectives Its supporting cast of characters is colorful from the obscure to the famous Dorcas Allen Moses Parsons Usher F Linder Elijah Lovejoy William Channing Wendell Phillips Rufus King Hannibal Hamlin Andrew Johnson Abigail Adams John Adams Thomas Jefferson Henry Clay Stephen A Douglas and Frederick Douglass among scores of significant others In a far reaching historical narrative Kaplan offers a nuanced appreciation of the great men Lincoln as an antislavery moralist who believed in

an exclusively white America and Adams as an antislavery activist who had no doubt that the United States would become a multiracial nation and the events that have characterized race relations in America for more than a century a legacy that continues to haunt us all
