Unconscious In Social Relations:

The Unconscious in Social Relations Otakar Machotka,1964 **The Interpersonal Unconscious** David E. Scharff,Jill Savege Scharff,2011-09-16 In *The Interpersonal Unconscious* the Scharffs explore the construction and expression of the unconscious in interpersonal interaction The authors draw from individual analysis conjoint psychotherapy with families and couples and from the use of group process in teaching They introduce chaos theory applied to dynamical systems and South American theories of the link and the analytic field now available in English Advances in development neuroscience ethology and attachment theory all contribute to their expanded view of the unconscious mind and its relationships In turn the Scharffs view of the interpersonal unconscious revises current views of development clinical theory and unconscious psychic organization The unconscious is not individual as Freud thought It is fundamentally interpersonal at the same time that it feels intensely our own We live in an unconscious field Each of us contributes to it and each is structured and enriched by it We are social creatures not only in our behaviors and interactions but in the deepest recesses of our minds We can no longer conceive of the unconscious as an individual property according to Freud s original topographic and structural theories Even though the individual unconscious is unique paradoxically it is also shared in reciprocal interactions with intimate partners work groups and social groups In this state of mutual influence our unconscious minds are constantly under construction across the life cycle

From Crowd Psychology to the Dynamics of Large Groups Carla Penna,2022-08-25 *From Crowd Psychology to the Dynamics of Large Groups* offers transdisciplinary research on the history of the study of social formations ranging from nineteenth century crowd psychology in France and twentieth century Freudian mass psychology including the developments in critical theory to the study of the psychodynamics of contemporary large groups Carla Penna presents a unique combination of sociology psychoanalysis and group analysis in the study of social formations This book revisits the epistemological basis of group analysis by introducing and discussing its historical path especially in connection with the study of large groups and investigations of the social unconscious in persons groups and societies It also explores early work on group relations and contemporary research on the basic assumption group in England particularly Hopper s theory of Incohesion as a fourth basic assumption *From Crowd Psychology to the Dynamics of Large Groups* enables the reader to map out the field of the unconscious life of crowds illuminating the darkness of twenty first century collective movements The reflections in this book present new perspectives for psychologists psychoanalysts group analysts sociologists and historians to investigate the psychodynamics of contemporary crowds masses and social systems
