Young Men & Fire Norman Maclean, 1992 On August 5 1949 a crew of fifteen Smokejumpers the United States Forest Service s elite airborne firefighters stepped into the sky above a remote forest fire in the Montana wilderness Less than two hours after their jump all but three of these men were dead or fatally burned Exactly what happened in Mann Gulch that day has been obscured by years of grief and controversy Now a master storyteller finally gives the Mann Gulch fire its due as tragedy Norman Maclean first saw the Mann Gulch fire as it still burned in mid August 1949 and even then he knew he would one day become a part of its story Maclean spent the last fourteen years of his life studying and reliving the fire **Young Men and Fire** is the long awaited result a story of Montana of the ways of wildfires firefighters and fire scientists and especially of a crew young and proud who hadn t learned to count the odds and to sense they might owe the universe a tragedy This tale is also Maclean s own the story of a writer obsessed by a strange and human horror unable to let the truth

die with these young men searching for the last and lasting word Nature's violence collides with human fallibility in *Young Men and Fire* The Smokejumpers in Mann Gulch are trapped by a blowup a deadly explosion of flame and wind rarely encountered and little understood at the time Only seconds ahead of the approaching firestorm the foreman R Wagner Dodge throws himself into the ashes of an escape fire And survives as his confused men run their last moments obscured by smoke The parents of the dead cry murder charging that the foreman's fire killed their boys Years later Maclean returns to the scene with two of the survivors and pursues the mysteries that Mann Gulch has kept hidden since 1949 From the words of witnesses the evidence of history and the research of fire scientists Maclean at last assembles the scattered pieces of the Mann Gulch tragedy

Young Men and Fire Norman MacLean, 2022-12-22 National Book Critics Circle Award Winner The terrifying story of the worst disaster in the history of the US Forest Service's elite Smokejumpers Kirkus Reviews A devastating and lyrical work of nonfiction *Young Men and Fire* describes the events of August 5 1949 when a crew of fifteen of the US Forest Service's elite airborne firefighters the Smokejumpers stepped into the sky above a remote forest fire in the Montana wilderness Two hours after their jump all but three of the men were dead or mortally burned Haunted by these deaths for forty years Norman Maclean puts together the scattered pieces of the Mann Gulch tragedy in this extraordinary book Alongside Maclean's now canonical *A River Runs Through It* and *Other Stories* *Young Men and Fire* is recognized today as a classic of the American West This edition of Maclean's later triumph the last book he would write includes a powerful new foreword by Timothy Egan author of *The Big Burn* and *The Worst Hard Time* As moving and profound as when it was first published *Young Men and Fire* honors the literary legacy of a man who gave voice to an essential corner of the American soul A moving account of humanity nature and the perseverance of the human spirit Library Journal Haunting The Wall Street Journal Engrossing Publishers Weekly
