

Sleep Optimization 2025 Edition

RM Cervero

Sleep Optimization 2025 Edition:

Sleep Rituals Avelyn Skor/ Luiz Santos, 2025-05-03 Sleep Rituals The Pleasure of Sleeping Well This book presents foundational insights and integrative practices to restore quality sleep blending sleep science breathwork meditation environmental design and daily habits It offers a practical and compassionate approach for those who wish to understand and transform their relationship with rest fostering emotional health nervous system balance and holistic well being With warm language and deep content Sleep Rituals invites readers to slow down and reclaim rest as an act of self care Bridging ancient wisdom and modern neuroscience the author reveals how sleep can become a conscious ritual of reconnection with the body the mind and one's own natural rhythm Each chapter is a gentle invitation to turn inward and cultivate more peaceful restorative nights Recommended for those struggling with insomnia living in chronic exhaustion or seeking more presence and lightness in daily life Experience how the simple act of sleeping well can become the starting point for a more lucid healthy and meaningful existence

Strength Training and Performance Optimization: The Triad of Physical, Psychological, and Physiological Excellence Henrique Pereira Neiva, Ana Pereira, David Rodríguez-Rosell, 2026-03-13 Strength training and performance optimization are critical components in the realm of sports science with a growing consensus on their importance for achieving athletic success Despite the established benefits of strength resistance training there remain significant gaps in our understanding of the optimal design and implementation of these programs Current research highlights the multifaceted nature of performance optimization which encompasses physiological biomechanical and psychological factors Recent studies have demonstrated that variables such as power velocity and the rate of force development are crucial for athletic performance and can be effectively enhanced through well designed strength training programs However the precise mechanisms and best practices for program design monitoring and individualization remain areas ripe for further investigation Emerging technologies offer new opportunities for real time tracking and personalized training yet their full potential and implications are not fully understood This research topic aims to deepen our understanding of the various dimensions of strength resistance training and its impact on performance optimization Specifically it seeks to explore the acute and chronic effects of different training programs the relationships between strength related and performance related variables and the influence of innovative monitoring and training methods By addressing these questions the research aims to provide evidence based guidelines for the effective prescription of strength resistance training to enhance athletic performance To gather further insights into the boundaries of strength training and performance optimization we welcome articles addressing but not limited to the following themes Acute and chronic effects of specific strength resistance training programs relationships between strength related variables and performance related variables causal relationships between strength adaptations and physiological and or psychological variables analysis of new equipment and methods for strength resistance training programming and monitoring insights on strength resistance

training programs and related variables contributing to performance optimization Manuscripts should incorporate analyses of physiological mechanical physical and or cognitive variables focusing on both individual actions and team sports Practical applications based on findings and supported by the latest literature are highly encouraged Information for authors Please be aware that this research topic is cross listed with multiple journals and sections When submitting your manuscripts please ensure that they fall within the scope of the journal and sections to which you are submitting
