Stories Of Integrity:

The World's Best Short Stories of ..., 1925 *Stories of Integrity*, 1999 **Romantic Agency** Luke

Brunning, 2024-04-24 This is a book for people energized by the possibilities of modern intimacy but who feel unsure about their own romantic lives Alternative lifestyles such as nonmonogamy while liberating in theory can feel remote in practice as we are fixed in place by insecurities and social pressures In *Romantic Agency* philosopher Luke Brunning encourages readers to think more deeply about what it means for relationships to not only work but flourish Guided by the thought that our abilities to be intimate cannot be taken for granted he argues that our romantic agency is fragile and best cultivated alongside other people Together we can become more realistic balance playfulness with integrity and value each other s flourishing Anyone can benefit from this exploration of intimate life regardless of their relationship status or romantic ideals Compelling and timely *Romantic Agency* is a groundbreaking account of love and relationships Communication Ethics, Media & Popular Culture Phyllis M. Japp, Mark Meister, Debra K. Japp, 2005 Popular culture provides a daily catalog of cultural attitudes values and practices From television sitcoms to the daily news from the theater to the sports stadium we observe embodiments and enactments of character virtue honesty and integrity or lack thereof in situations we find understandable if not familiar The essays in this volume address popular mediated constructions of ethical and unethical communication in news sports advertising film television and the internet Emphasis is on the consumption of popular culture messages as well as how auditors make moral sense out of what they read hear and observe Reasonable Children Michael S. Pritchard, 1996 The public outcry for a return to moral education in our schools has raised more dust than it s dispelled Building upon his provocative ideas in *On Becoming Responsible* Michael Pritchard clears the air with a sensible plan for promoting our children s moral education through the teaching of reasonableness Pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills Reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community In such an environment children learn to work together to listen to one another to build on one another s ideas to probe assumptions and different perspectives and ultimately to think for themselves Advocating approaches to moral education that avoid mindless indoctrination and timid relativism Pritchard neither preaches nor hides behind abstractions He makes liberal use of actual classroom dialogues to illustrate children s remarkable capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truth-telling lying making and keeping promises obedience character and responsibility He also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state Pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with

children and teachers The result is a rich and insightful work that provides real hope for the future of our children and their moral education

Real Women, Real Leaders Kathleen Hurley, Priscilla Shumway, 2015-04-20 Plan your path to leadership with insight from real women at the top In *Real Women Real Leadership* twenty four women leaders describe their personal journeys to the top providing deep insight and a fascinating perspective on making it as a woman in the male dominated business environment They discuss their experiences and offer guidance on topics such as balancing family and career building alliances mentoring and being mentored and overcoming obstacles in the business world which is still dominated by men in the senior levels of management Drawn from a range of industries including higher education technology law the military politics the media and more these stories provide the details that every ambitious woman needs to know You ll learn which skills attributes and relationships served these women best how they overcame the obstacles thrown into their paths and the people they credit as instrumental along the way A self assessment chapter helps you discover your own leadership attributes and determine which skills you need to acquire as you formulate your own personal roadmap to the top There are many books about women who have been excellent leaders but *Real Women Real Leadership* provides the personal relatable testimonials from women who have navigated the opportunities and pitfalls of the business world Each story sheds light on women s unique leadership attributes and provides guidance for professional women charting their own professional advancement Learn from women leaders in a diverse range of industries Discover the leadership attributes that make the biggest impact Gain insight into work life balance mentors relationships and more Discover your leadership strengths and develop a plan forward Studies have shown that companies with three or more women board members dramatically outperform the competition in returns on equity sales and invested capital yet women only claim a tiny percentage of boardroom seats and top executive positions Why And why when they do achieve leadership positions do women tend to make such outstanding leaders *Real Women Real Leadership* tackles these questions and more from an in the trenches perspective to help you become the leader you want to be

The Best from Fantasy and Science Fiction ,1925 *American Builder* ,1928 **The Oracles of God** Samuel Albert Martin,1916 **Honesty is the Best Policy** ,2005 *Digital Storytelling in Health and Social Policy* Nicole Matthews, Naomi Sunderland, 2017-04-21 As digital life stories continue to assume more and more significance across a range of institutions so too does their potential to bring into focus once marginalised and neglected voices Breaking new ground by reframing multimedia life stories as a resource for education public health and policy this book challenges policymakers professionals and researchers to reimagine how they find out about and respond to people s daily lives and experiences of health disability and well being The book develops theoretical methodological and practical resources for listening to digital stories through a series of carefully selected international case studies from dementia care education to campaigns in the UN to ban cluster munitions The case studies explore and illuminate different ways that digital stories have and have not been listened to in the past The authors expose the great

potential as well as the complexity of using powerful personal stories in practice Together the case studies highlight that processes of listening to learning from and making use of digital stories involve unavoidable processes of reinterpretation recontextualisation and translation which have significant ethical and political implications for storytellers listeners and society In mapping and theorising the movement of stories into new contexts of policy and practice the book offers a critical lens on the widely celebrated democratising potential of digital storytelling and its capacity to amplify marginalised voices Digital Storytelling in Health and Social Policy develops an authoritative and original re conceptualisation of digital life stories and their use for social justice ends and will be important reading for researchers and practitioners from a range of backgrounds including social policy digital media communication education disability and public health **Academy Chicago Publishers V. Cheever** ,1990 *Multimedia Content Analysis and Mining* Nicu Sebe,Yunca Liu,Yueting Zhuang,Thomas S. Huang,2007-07-10 Prominent international experts came together to present and debate the latest findings in the field at the 2007 International Workshop on Multimedia Content Analysis and Mining This volume includes forty six papers from the workshop as well as thirteen invited papers The papers cover a wide range of cutting edge issues including all aspects of multimedia in the fields of entertainment commerce science medicine and public safety **The Stories We Live by** Dan P. McAdams,1993 Who am I How do I fit in the world around me This revealing and innovative book demonstrates that each of us discovers what is true and meaningful in our lives and in ourselves through the creation of personal myths Challenging the traditional view that our personalities are formed by fixed unchanging characteristics or by predictable stages through which every individual travels The Stories We Live By persuasively argues that we are the stories we tell Informed by extensive scientific research yet highly readable engaging and accessible the book explores how understanding and revising our personal stories can open up new possibilities for our lives **Two Wrongs Don't Make a Right** ,2005 Therapeutic Storytelling Susan,2014-05-02 Working with imaginative journeys and the mystery and magic of metaphor the author has developed the art of therapeutic storytelling for children s challenging behaviour Concrete Harvey Whipple,1927 **Ward's Automobile Topics** ,1912 *Michigan Manufacturer & Financial Record* ,1914 Concrete ,1928
