## You Go Away:

**Angry Man! Go Away!** Raje E. Voega, 2013-04 *Angry Man Go Away* presents the true story of the life of author Raje E. Voega who was raised by an abusive father who beat his mother and him often. The oldest of eight children, he was very harsh with his siblings due to his father's actions, even so as an adult he has never hit or been violent with anyone. Voega was born on the western coast of Canada and moved to Alberta when he was almost six. As a child, he was moved around a lot, from Edmonton to northern Alberta. At fifteen, he went to live with his father in Edmonton but only stayed for six months, although he remained in the area until he was nineteen. Eventually, he moved from that area and settled in western Canada, finally ending up in southern Alberta. In his early twenties, he started down a path that might have led to his imprisonment or death, but he was able to turn his life around. Recently, he ended a relationship that put him in a very dark and hopeless place. But instead of crossing a line that would have destroyed both his life and others' lives forever, he decided to write about the violence that exists in families today. By telling his story in this memoir, he hopes to save others from the violence that he has endured and at times created in his family. *A Practical Grammar of the Italian Language* L. Mariotti (pseud. [i.e. Antonio Gallergo]), 1859 *Of Death and Birth* Barbara Schuler, 2009 Scholars of popular Hindu religion in India have always been fascinated by oral texts and rituals, but surprisingly only few attempts have as yet been made to analyse the relationship between rituals and texts systematically. This book contributes to the filling of this gap. Focusing on the dynamics of a local non-Brahmanical ritual, its modular organisation and inner logic, the interaction between narrative text and ritual, and the significance of the local versus translocal nature of the text in the ritual context, the study provides a broad range of issues for comparison. It demonstrates that examining texts in their context helps to understand better the complexity of religious traditions and the way in which ritual and text are programmatically employed. The author offers a vivid description of a hitherto unnoticed ritual system, along with the first translation of a text called the *Icakkiamman Katai* (IK). Composed in the Tamil language, the IK represents a substantially longer and embellished form of a core version which probably goes as far back as the seventh century C.E. Unlike the classical source, this text has been incorporated into a living tradition and is being constantly refashioned. A range of text versions have been encapsulated in the form of a conspectus which will shed light on the text's variability or fixity and will add to our knowledge of bardic creativity. Includes a film by the author on DVD. **Sir Godfrey's Grand-daughters, a Novel** Rosa Nouchette Carey, 1892 *Sylvia's Choice* Georgiana Marion Craik, 1875 *The Search Party* George A.
