A precise description of the techniques used in Zen training. Hidden Zen Meido Moore, 2020-10-13. Discover hidden practices secretly transmitted in authentic Zen lineages of using body, speech and mind to remove obstructions to awakening. Though Zen is best known for the practices of koan introspection and just sitting or shikantaza, there are in fact many other practices transmitted in Zen lineages. In modern practice settings, students will find that Bodhidharma's words, direct pointing at the human mind, are little mentioned or else taken to be simply a general descriptor of Zen rather than a crucial activity within Zen practice. Reversing this trend toward homogeneous and superficial understandings of Zen technique, Hidden Zen presents a diverse collection of practice instructions that are transmitted orally from teacher to student, unlocking a comprehensive path of awakening. This book reveals and details for the first time a treasury of direct pointing and internal energy cultivation practices preserved in the Rinzai Zen tradition. The twenty-eight practices of direct pointing offered here illuminate one's innate clarity and ultimately the nature of mind itself. Over a dozen practices of internal energetic cultivation galvanize dramatic effects on the depth of one's meditative attainment. Hidden Zen affords a small taste of the richness of authentic Zen, helping readers grow beyond the bounds of introspection and sitting to find awakening itself. **Returning to Silence** Dainin Katagiri, 1988-04-12. A renowned Zen teacher and contemporary of Shunryu Suzuki explores the many pillars of Zen spirituality, explaining how we can bring these practices into our daily lives. For twenty-five hundred years, Buddhism has taught that everyone is Buddha, already enlightened, lacking nothing. But still, there is the question of how we can experience that truth in our lives. In this book, Dainin Katagiri points to the manifestation of enlightenment right here, right now, in our everyday routine. Genuineness of practice lies in just living our lives wholeheartedly. The Zen practice of sitting meditation, zazen, is not a means to an end but the activity of enlightenment itself. That is why Katagiri Roshi says, "Don't expect enlightenment, just sit down." Based on the author's talks to his American students, Returning to Silence contains the

basic teachings of the Buddha with special emphasis on the meaning of faith and on meditation It also offers a commentary on The Bodhisattva s Four Methods of Guidance from Dogen Zenji s Shobogenzo which speaks in depth about the appropriate actions of those who guide others in the practice of the Buddha Way Throughout these pages Katagiri Roshi energetically brings to life the message that Buddha is your daily life
