Soviet Naval Influence Michael MccGwire, John McDonnell, 1977 **Soviet Naval Interaction with the United States and Its Influence on Soviet Naval Development** Thomas W. Wolfe, 1972 *Soviet Naval Interaction With the United States and Its Influence on Soviet Naval Development* Rand Corporation, Thomas W. Wolfe, 1969 **The Soviet Navy, 1941-1978** Myron J. Smith, 1980 **Navies and Foreign Policy (Routledge Revivals)** Ken Booth, 2014-06-27 First published in 1977 this study offers a comprehensive systematic and integrated survey of the important relationship between navies and the making and execution of foreign policy Ken Booth explains the functions navies can perform in both war and peace the influence they have on particular situations and how the relevant organisations can affect the character of naval actions Ultimately navies are regarded as indispensable instruments of the state by a number of countries whilst all countries with a coast find some need to threaten a degree of force at sea This book provides students and academics with the intellectual framework with which to assess the changing character of the navy **The Military History of the Soviet Union** R. Higham, 2010-11-14 This volume provides an introduction to the history of the Soviet armed forces from 1917 to 1991 The authors highlight the many facets of the Cold War including the rise of the Soviet Navy after the Great Patriotic War and the collapse of the Soviet Union which marks its twentieth anniversary in 2011 *Soviet-Egyptian Relations* M. El-Hussini, 2016-01-06 Studies in Communist Affairs , 1976 *The Soviet Union* United States. Air Force, 1985 Soviet Naval Influence Michael MccGwire, 1977 **Soviet Air Power** Kenneth Whiting, 2020-01-29 This comprehensive examination of Soviet air power analyzes the three branches of the USSR Military Air Forces Frontal Aviation Long Range Aviation and Military Air Transport and Naval Aviation and the National Air Defense emphasizing World War II and postwar developments The Rise and Fall of the Soviet Navy in the Baltic 1921-1941 Gunnar Åselius, 2004-06 This book based on extensive work in Russian archives investigates how strategy organisational rivalry and cultural factors came to shape naval developments in the Soviet Union up to the invasion of 1941 Focussing on the Baltic Fleet the author shows how the perceived balance of power in northern Europe came to have a major influence on Soviet naval policy during the 1920s and 1930s The operational environment of a narrow inland sea like the Baltic would have required a joint approach to military planning but the Soviet navy's weak position among the armed services made such an approach hard to attain The Soviet regime also struggled against the cultural heritage of the tsarist navy and the book describes how this was overcome In a special Appendix dedicated to the purges of 1937 38 surviving party records from the Baltic Fleet Intelligence Section are used to illustrate the mechanisms of the Great Terror at local level **The Influence on the USSR's Naval Roles and Missions of the Soviet Union's Limited Sea-control Capabilities: an Historical Summation, 1946-1960** Robert W. Herrick, 1987 Cinematic Cold War Tony Shaw, Denise Jeanne Youngblood, 2010 The first book length survey of cinema's vital role in the Cold War cultural combat between the U S and the USSR Focuses on 10 films five American and five Soviet

both iconic and lesser known works showing that cinema provided a crucial outlet for the global debate between democratic and communist ideologies

Red Navy At Sea Bruce W. Watson, 2019-07-09 This is the only book to offer a detailed chronology of modern Soviet naval operations set within the framework of long range Soviet foreign and domestic policy This context is important because it puts the navy in its proper place as a significant cog in the gigantic machinery of Soviet grand strategy Commander Watson argues that the Soviet Navy's physical configuration strategy and operations reflect a long term upgrading pattern designed to create an equal partner status in the total balance of Soviet military forces Changes in the navy's activities are not merely pragmatic reactions to momentary crises or shifts in world power trends The navy has played an integral part in implementing the four strategic long range goals of Soviet policy defense of the Soviet Union enhancement of its international position establishment and maintenance of Soviet military superiority internationally and the promotion of other Communist revolutions Commander Watson discusses in detail Soviet naval operations in all of the world's oceans He provides new insight into the dimensions of Soviet naval presence and port visit activity using vast amounts of statistical material gathered from his original research The text is supplemented by maps photographs and extensive tabular documentation
