Address in Portuguese and Spanish Martin Hummel, Célia dos Santos Lopes, 2020-07-20 The volume provides the first systematic comparative approach to the history of forms of address in Portuguese and Spanish in their European and American varieties Both languages share a common history e g the personal union of Philipp II of Spain and Philipp I of

Portugal the parallel colonization of the Americas by Portugal and Spain the long term transformation from a feudal to a democratic system in which crucial moments in the diachrony of address took place To give one example empirical data show that the puzzling late spread of Sp usted you formal polite and Pt voc you across America can be explained for both languages by the role of the political and military colonial administration To explore these new insights the volume relies on an innovative methodology as it links traditional downstream diachrony with upstream diachronic reconstruction based on synchronic variation Including theoretical reflections as well as fine grained empirical studies it brings together the most relevant authors in the field *Proceedings of the 23rd European Conference on e-Learning* Fernando Moriera, Subject Catalog Library of Congress,1982 National Union Catalog ,1983 **Recording for the Blind & Dyslexic, ...
