This series emphasizes a thorough analysis of textual linguistic structural and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship.

Overview of Commentary Organization Introduction covers issues pertaining to the whole book including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes Pericope Bibliography, a helpful resource containing the most important works that pertain to each particular pericope.

Translation the author's own translation of the biblical text reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses yet in reasonably good English.

Notes the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation.

Form/Structure Setting a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope.

Rhetorical or compositional features important to understanding the passage are also introduced here.

Comment verse by verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research.

Explanation brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: 1 within the context of the book itself; 2 its meaning in the OT or NT; 3 its place in the entire canon; 4 theological relevance to broader OT or NT issues.

General Bibliography occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.

Matthew Drew Hunter, 2014-07-31. Over the course of 12 weeks, these studies explore books of the Bible and ask thoughtful questions to spur discussion. Show how each passage unveils the gospel. Tie the text in with the whole story of Scripture. Illuminate the doctrines taught in each passage. Invite you to discover practical implications. Help you better understand and apply God's Word.

The Gospel of Matthew in Current Study David Edward Aune, 2001. First-rate scholars here explore the pastoral and academic aspects of the study of Matthew's Gospel. Built on the best of current research, these chapters cover a diverse range of significant topics in addition to highlighting the points of disagreement that continue to stimulate scholarship in the field. Published in memory of William G. Thompson, S.J., *The Gospel of Matthew in Current Study* is not only a fitting tribute to Thompson's lifelong interest in the First Gospel but is also an excellent introduction to contemporary Matthean studies with great potential as a classroom resource.
