

The image shows a large, illuminated wall display for 'Fanatics'. The wall is covered in a grid of circular icons, each containing a different sports team logo. The icons are arranged in a regular pattern and are illuminated from below, creating a glowing effect. In the center of the wall, the word 'Fanatics' is written in a large, stylized, white font with a blue outline. To the left of the word, there is a red, stylized logo that resembles a 'W' or a similar symbol. The overall lighting is warm and vibrant, with a strong orange-red glow from the bottom and sides of the display. The background is dark, making the illuminated elements stand out.

The Fanatics:

The Foolish, the Feckless and the Fanatic J. A. Klein, 2004 The only thing necessary for the triumph of evil is for good men to do nothing Edmond Burke Or for selfish people to obstruct those who are trying to do the right thing This book probes the Islamic fanatics end game convert or die they tell the West The fanatics see our very success as a mortal threat to their own perverted version of the pure Islam world over which they thirst to rule But the book also probes the feckless French and foolish liberals who are so wrapped up in their own agendas that they stand between forceful leadership and the real enemy at the gates Bin Laden is perfectly willing to brainwash his followers into sacrificing their lives for the illusion of eternal paradise Not that Bin Laden and his chief lieutenants are ready to die for their cause just yet They want others to die so that they can live out their fantasies of a world converted in their image How does he get away with it By skillfully preying on the weaknesses of others including the short sighted who are blinded by their greed cowardice or folly This is where the feckless French and foolish liberals come in As the book explains tyrants like Saddam Hussein suit the fanatic Islamists ambitions perfectly All of this and more were staring the feckless French and foolish liberals in the face But they turned a blind eye At a crucial point in the history they chose a course even worse than doing nothing They obstructed decisive action against the growing cancer to serve their own agendas In their own way and for their own selfish reasons the French along with other European elites and the liberal establishment have trouble dealing with decisive assertions of U S power They want to bring the United States down to a level that is indistinguishable from any other country In a world of moral ambivalence that the feckless French and the foolish liberals are used to inhabiting the United States government is no less to blame for what happened on September 11th than the terrorists and dictators who support them This book connects the dots in the concerted strategy to fight the War on Terror that the liberals and French refuse to see and explains how George Bush s decision to remove Saddam Hussein after twelve years of inaction on the part of the United Nations was an essential part of that strategy

The New World Order Richard McKenzie Neal, 2013-07 Our world is undergoing immense changes Never before have the conditions of life changed so swiftly and enormously as they have changed for mankind in the last fifty plus years We have been carried along with no means of measuring the increasing swiftness in the succession of events We are only now beginning to realize the force and strength of this storm of change that has come upon us Though none of us are yet clear as to the precise way in which this great changeover is to be effected there is a worldwide feeling now that changeover or a vast upheaval is before us Increasing multitudes participate in this uneasy sense of an insecure transition In the course of one lifetime mankind has passed from a state of affairs that seems to us now to have been slow dull ill provided and limited but at least picturesque and tranquil minded to a new phase of excitement provocation menace urgency and actual or potential distresses More and more our lives are intertwined with one another a
