Chaim Weizmann's autobiography is a highly personal account of his life in the Zionist movement. Book One, completed in 1941, covers the years 1874-1917, and Book Two covers the years 1918-1948. Weizmann describes the Russian shtetl where he was born in 1874, his schooling in Pinsk and his university studies in Berlin, Geneva, and Freiburg, Switzerland, where he received his PhD in chemistry in 1899 before moving to Manchester in 1904. He portrays many leading Zionists such as Theodor Herzl, Achad Ha'am, Max Nordau, Shmarya Levin, Ussishkin, Jabotinsky, and Ruppin. He describes the opposition by assimilationist Jews like Edwin Montagu to Zionism and internal debates within the Zionist movement, such as the defeat of Herzl's Uganda plan, bitterly opposed by Weizmann at the 6th Zionist Congress in 1903, and his frictions with the American Zionists led by Brandeis. Weizmann describes how during World War I his work on acetone brought him into contact with British political leaders such as Lloyd George, Arthur Balfour, and Winston Churchill, and facilitated the Balfour Declaration, which in 1917 paved the way for the establishment in Palestine of a national home for the Jewish people. Weizmann recounts his role in the creation of what would become Israel's leading scientific institutions: the Hebrew University, the Weizmann Institute of Science, and the Technion, including his fundraising efforts in Europe and in the United States on their behalf and for other Zionist initiatives. He became the first President of Israel and died in office in 1952.

one of the important historical documents of our time. Orville Prescott, *The New York Times*, January 19, 1949. Trial and Error is likely to be read for many years to come as an authoritative exposition of the Zionist movement, records eye-witness accounts of so many crucial events, and reflects so many deep insights that it is certain to become of permanent value to the scholar and a delight to the general reader. Salo Baron, *The New York Times*, January 23, 1949. There are four angles from which one can approach this book. One can take it as a history of Zionism during the last seventy years, a record of personal endeavour triumphant over obstacles and dissension, a sad commentary upon human achievement when eventual triumph comes at a date and in circumstances which rob it of its full savour, the self-portrait of a most remarkable man. Harold Nicolson, *The Observer*, March 27, 1949. Notable in this intellectually candid record is the fact that Weizmann embraced and propagated Jewish nationalism because he regarded it as a positive good, not merely a negative escape from gentile persecution. This intensely human book, which in a sense is the story of modern Zionism, constitutes one of the indispensable sources for the history of our times. Robert Gale Woolbert, *Foreign Affairs*, July 1949. Weizmann's autobiography is an astonishingly objective and life-like narrative without a trace of dramatization, exaggeration, vanity, self-pity, or self-justification. It conveys his authentic, richly and evenly developed, autonomous, proud, firmly built, somewhat ironical nature, free from inner conflict, in deep instinctive harmony with the forces of nature and society, and therefore possessed of natural wisdom, dignity, and authority. Sir Isaiah Berlin, *Chichele Professor of Social and Political Theory*, Oxford University.
