## Beginning English

### Color Overhead Transparencies

Susan Hancock Fesler ★ Christy M. Newman

*Taking Off, Second Edition*, is a four-skills, standards-based program for beginning students of English. Picture dictionary art pages teach life-skills vocabulary in a clear and visual way. For beginning language learners, especially those with limited literacy skills, visual input is especially important in providing context and meaning. The more students can associate new vocabulary and functional language with the objects and situations they are likely to encounter in their everyday lives, the more they will internalize the language.

#### WAYS TO USE THE COLOR OVERHEAD TRANSPARENCIES

- Introduce life-skills vocabulary in action-oriented scenes. The Teacher's Edition offers techniques and elicitation questions for each "big picture" scene that teachers can use to present new vocabulary and key concepts.
- Facilitate "Big Picture Expansion" activities for all language skills. For each "big picture" scene, the Teacher's Edition includes an expansion activity addressing listening, speaking, reading, and writing skill development.
- Conduct performance-based assessment. Speaking and writing assessment prompts in the Teacher's Edition use the "big picture" scenes as the basis for tasks teachers can use to measure student's productive language abilities.
