Documenting Impossible Realities Susan Bibler Coutin, Barbara Yngvesson, 2023-04-15 Documenting Impossible Realities explores the limitations of conventional accounts through which belonging is documented focusing on the experiences of adoptees deportees migrants and other exilic populations Susan Bibler Coutin and Barbara Yngvesson speak to the current historical moment in which the dichotomy between an above ground inhabited by dominant groups and an underground to which unauthorized immigrants political exiles and transnational adoptees are relegated cannot be sustained This dichotomy was made possible by the illusion that some people do not belong that some forms of kin are not real or that certain ways of knowing do not count To examine accounts that challenge such illusions Coutin and Yngvesson focus on the spaces between groups where difference is constituted and where the potential for new forms of relationship may be realized By juxtaposing and moving between entangled realities and modes of expression Documenting Impossible Realities conveys the emotional experience of oscillating between being here and gone legitimate and treated as counterfeit

Prison, Punishment and Penance in Late Antiquity Julia Hillner, 2015-06-05 This book traces the long term genesis of the sixth century Roman legal penalty of forced monastic penance The late antique evidence on this penal institution runs counter to a

scholarly consensus that Roman legal principle did not acknowledge the use of corrective punitive confinement Dr Hillner argues that forced monastic penance was a product of a late Roman penal landscape that was more complex than previous models of Roman punishment have allowed She focuses on invigoration of classical normative discourses around punishment as education through Christian concepts of penance on social uses of corrective confinement that can be found in a vast range of public and private scenarios and spaces as well as on a literary Christian tradition that gave the experience of punitive imprisonment a new meaning The book makes an important contribution to recent debates about the interplay between penal strategies and penal practices in the late Roman world
