

## Generation of Alternatives

This technique emphasizes the importance of developing multiple potential solutions to a problem, rather than focusing solely on a single answer.

## Challenging Assumptions

This technique encourages individuals to question pre-existing assumptions and consider other possibilities.

## Suspended Judgement

This technique involves withholding criticism or judgement of ideas during the creative process.

## Fractionation

This technique involves breaking down a problem or situation into smaller parts and considering each one separately.

# Lateral Thinking Techniques

Edward Debono

## Choice of Entry Point

This technique involves deciding where to start when approaching a problem (the entry point) and determining which areas to focus on (the attention area).

## Random Simulation

This technique involves using a random stimulus (like a word, image, or idea) as a starting point for idea generation.

## Analogies

This technique involves drawing comparisons between the problem at hand and something else that might seem unrelated.

## Brainstorming

This is a group creativity technique where participants come up with as many ideas as possible within a given timeframe.

## The Reversal Method

This technique involves turning a problem or situation on its head to see it from a new angle.
