Speaking In Parables:

Speaking Parables David Buttrick, 2000-01-01 David Buttrick provides an introduction to the parables with a discussion of particular homiletical issues preachers face in interpreting parables **Speaking Parables** includes commentary on thirty three different parables with suggestions for preaching each one

Speaking in Parables Sallie McFague, 1975 This book is not only absorbingly readable but important For its themes engage effectively with main dilemmas not only of formal theology but of current piety and witness Amos N Wilder Andover Newton Quarterly This book is immensely valuable for its persuasive illustrations of the parabolic and metaphoric imagination McFague attends both to the interpretive and the evaluative levels of hermeneutics Her readings of specific parables poems stories and autobiographies are insightful and relevant to her thesis that what religious language says is conceptually imperceptible and inexpressible Mary Gerhart Journal of the American Academy of Religion It is at the very least a fine guide to one important direction that theological hermeneutics might take and more than that it testifies confidently to the presence of still unplumbed resources of the biblical word and its secular counterpart that are there for the imagination's appropriation Robert Detweiler Religious Studies Review Everyone interested in theology will be stimulated by Sallie McFague's mediating theological position and the form of thinking and discourse she espouses Those interested in the intercourse between theology and literature will be stimulated by the way she links the two and the perceptive way she handles her literary examples Biblical scholars will undoubtedly note her primacy of the parables as the central corpus of the biblical records Preachers of the church will be strengthened by the concern McFague has for the Christian community and the importance of the word through the words of the preachers With this variety of concerns **Speaking in Parables** will have a deservedly wide reading and perhaps even more important wide discussion Ronald E Sleeth Perkins School of Theology Journal

traditions Moving from parables by Jesus to parables about Jesus Crossan then presents the four gospels as megaparables By revealing how the gospels are not reflections of the actual biography of Jesus but rather misinterpretations by the gospel writers themselves Crossan reaffirms the power of parables to challenge and enable us to co create with God a world of justice love and peace
