## **Spectral Jew Conversion Embodiment In:**

**The Spectral Jew** Steven F. Kruger, 2006-01 Medieval European culture encompassed Judaic Christian Muslim and pagan societies forming a complex matrix of religious belief identity and imagination Through incisive readings of a broad range of medieval texts and informed by poststructuralist queer and feminist theories *The Spectral Jew* traces the Jewish presence in Western Europe to show how the body gender and sexuality were at the root of the construction of medieval religious anxieties inconsistencies and instabilities Looking closely at how medieval Jewish and Christian identities are distinguished from each other yet intimately intertwined Kruger demonstrates how Jews were often corporealized in ways that posited them as inferior to Christians archaic and incapable of change even as the two mutually shaped each other But such attempts to differentiate Jews and Christians were inevitably haunted by the knowledge that Christianity had emerged out of Judaism and was in its own self understanding a community of converts Examining the points of contact between Christian and Jewish communities Kruger discloses the profound paradox of the Jew as different in all ways yet capable of converting to fully Christian status He draws from central medieval authors and texts such as Peter Damian Guibert of Nogent the Barcelona Disputation and the Hebrew chronicles of the First Crusade as well as lesser known writings such as the disputations of Ceuta Majorca and Tortosa and the immensely popular Dialogues of Peter Alfonsi By putting the conversion narrative at the center of this analysis Kruger exposes it as a disruption of categories rather than a smooth passage and reveals the prominent role Judaism played in the medieval Christian imagination Steven F Kruger is professor of English and medieval studies at Queens College and the Graduate Center CUNY He is author of several books and editor with Glenn Burger of *Queering the Middle Ages* Minnesota 2001 *Leaving the Jewish Fold* Todd Endelman, 2015-02-22 The definitive history of conversion and assimilation of Jews in Europe and America from the eighteenth century to the present Between the French Revolution and World War II hundreds of thousands of Jews left the Jewish fold by becoming Christians or in liberal states by intermarrying Telling the stories of both famous and obscure individuals *Leaving the Jewish Fold* explores the nature of this drift and defection from Judaism in Europe and America from the eighteenth century to today Arguing that religious conviction was rarely a motive for Jews who became Christians Todd Endelman shows that those who severed their Jewish ties were driven above all by pragmatic concerns especially the desire to escape the stigma of Jewishness and its social occupational and emotional burdens Through a detailed and colorful narrative Endelman considers the social settings national contexts and historical circumstances that encouraged Jews to abandon Judaism and factors that worked to the opposite effect Demonstrating that anti Jewish prejudice weighed more heavily on the Jews of Germany and Austria than those living in France and other liberal states as early as the first half of the nineteenth century he reexamines how Germany's political and social development deviated from other European states Endelman also reveals that liberal societies such as Great Britain and the United States which tolerated Jewish integration promoted radical assimilation and

the dissolution of Jewish ties as often as hostile illiberal societies such as Germany and Poland Bringing together extensive research across several languages Leaving the Jewish Fold will be the essential work on conversion and assimilation in modern Jewish history for years to come [Jewish/Christian/Queer](#) Frederick Roden,2016-05-06 At a time when major branches of Judaism and most Christian denominations are addressing the relationship between religion and homosexuality Jewish Christian Queer offers a unique examination of the similarities between the queer intersections of Judaism and Christianity and the queer intersections of the homosexual and the religious This volume investigates three forms of queerness the rhetorical theological and the discursive dissonance at the meeting points between Christianity and Judaism the crossroads of the religious and the homosexual and the intersections of these two forms of queerness namely where the religiously queer of Jewish and Christian speech intersects with the sexually queer of religiously identified homosexual discourse Including essays on literature and literary theory Christian theology Biblical Rabbinic and Jewish studies queer theory architecture Freud gay and lesbian studies and history Jewish Christian Queer will have a truly interdisciplinary appeal **Christians and Jews in Angevin England** Sarah Rees Jones,Sethina Claire Watson,2013 The mass suicide and murder of the men women and children of the Jewish community in York on 16 March 1190 is one of the most scarring events in the history of Anglo Judaism This book sets it into the context of other attacks on Jews across England at the time looks at how the narrative of events was created and considers the circumstances and processes through which Christian and Jewish neighbours became enemies and victims *The Language of Heresy in Late Medieval English Literature* Erin K. Wagner,2024-04-22 Vernacular writers of late medieval England were engaged in global conversations about orthodoxy and heresy Entering these conversations with a developing vernacular required lexical innovation The Language of Heresy in Late Medieval English Literature examines the way in which these writers complemented seemingly straightforward terms like heretic with a range of synonyms that complicated the definitions of both those words and orthodoxy itself This text proposes four specific terms that become collated with heretic in the parlance of medieval English writers of the 14th and 15th centuries jangler Jew Saracen and witch These four labels are especially important insofar as they represent the way in which medieval Christianity appropriated and subverted marginalized or vulnerable identities to promote a false image of unassailable authority [The Jewish Body](#) Maria Diemling,Giuseppe Veltri,2009 This volume explores perceptions of the Jewish body in variety of early modern Jewish sources It discusses among other topics ideas of the ideal body in normative sources the influence of Kabbalistic ideas on Jewish Christian discourse and the link between melancholy and exile **On the Word of a Jew** Nina Caputo,Mitchell B. Hart,2019-01-14 Fourteen essays examining the dynamics of trust and mistrust in Jewish history from biblical times to today What if anything does religion have to do with how reliable we perceive one another to be When and how did religious difference matter in the past when it came to trusting the word of another In today's world we take for granted that being Jewish should not matter when it comes to acting or engaging in the public realm but

this was not always the case The essays in this volume look at how and when Jews were recognized as reliable and trustworthy in the areas of jurisprudence medicine politics academia culture business and finance As they explore issues of trust and mistrust the authors reveal how caricatures of Jews move through religious political and legal systems While the volume is framed as an exploration of Jewish and Christian relations it grapples with perceptions of Jews and Jewishness from the biblical period to today from the Middle East to North America and in Ashkenazi and Sephardi traditions Taken together these essays reflect on the mechanics of trust and sometimes mistrust in everyday interactions involving Jews Highly readable and compelling this volume marks a broadly significant contribution to Jewish studies through the underexplored dynamic of trust

[Nahmanides in Medieval Catalonia](#) Nina Caputo,2007 Nina Caputo situates Nahmanides 1195 1270 the brilliant Talmudic scholar in medieval Catalonia and in the important discourse anticipating messianic redemption that began developing there in the late thirteenth century Caputo argues that Nahmanides role in negotiating Jewish Christian interactions and mediating relations among Jews as well as his formulation of fresh systematic approach to exegesis reflects a sense of historical and chronological contingency expressed through out this writings
