Israel Numismatic Research Israel Numismatic Society, 2011-12-31 *Numismatic Literature* Oliver Hoover, 2004-12-31 An annual annotated bibliography of the American Numismatic Society s publications and articles related to numismatics covering literature appearing between October 2002 and October of 2003

Coinage and Coin Use in Medieval Italy Alessia Rovelli, 2023-05-31 The volume gathers together seventeen articles dedicated to the monetary history of medieval Italy most of them newly translated into English The articles in the first section of the volume trace the development of monetisation in Italy from the Lombard period until the rise of the communes taking Rome Lazio Tuscany and several cities and regions in north central Italy as case studies The articles in the second section analyse different aspects of monetary production and circulation in Byzantine Italy while the third gathers together studies on various aspects of Carolingian coinage the transition from the Lombard system and the problem of furnishing an adequate supply of silver mints and royal administration and the activity and inactivity of mints operating at the edges of the Regnum Italiae All of the articles share the author s characteristic concern with setting the evidence from written sources against the wealth of new data emerging from recent archaeological research

Late Roman Warlords Penny MacGeorge, 2002-12-05 Late Roman Warlords reconstructs the careers of some of the men who shaped and were shaped by the last quarter century of the Western Empire There is a need for a new investigation of these warlords based on primary sources and including recent historical debates and theories The difficult sources for this period have been analysed and translated as necessary to produce a chronological account and relevant archaeological and numismatic evidence has been utilised An overview of earlier warlords including Aetius is followed by three studies of individual warlords and the regions they dominated The first covers Dalmatia and Marcellinus its ruler during the 450s and 460s A major theme is the question of Marcellinus western or eastern affiliations using an often

ignored Greek source Penny MacGeorge suggests a new interpretation The second part is concerned with the Gallic general Aegidius and his son Syagrius who ruled in northern Gaul probably from Soissons This extends to AD 486 well after the fall of the Western Empire The problem of the existence or non existence of a kingdom of Soissons is discussed introducing evidence from the Merovingian period and a solution put forward This section also looks at how the political situation in northern Gaul might throw light on contemporary post Roman Britain The third study is of the barbarian patrician Ricimer defender of Italy and his successors the Burgundian prince Gundobad and Orestes a former employee of Attila down to the coup of 476 by which Odovacer became the first barbarian king of Italy This includes discussion of the character and motivation of Ricimer particularly in relation to the emperors he promoted and destroyed and of how historians assessments of him have changed over time [Baltic Crusades and Societal Innovation in Medieval Livonia, 1200-1350](#) ,2022-07-25 The Baltic Crusades in the thirteenth century led to the creation of the medieval Livonia But what happened after the conquest The contributors to this volume analyse the cultural societal economic and technological changes in the Baltic Sea region c 1200 1350 The chapters focus on innovations and long term developments which were important in integrating the area into medieval European society more broadly while also questioning the traditional divide of the Livonian post crusade society into native victims and foreign victors The process of multilateral negotiations and adaptations created a synthesis which was not necessarily an outcome of the wars but also a manifestation of universal innovation processes in northern Europe Contributors are Arvi Haak T nno Jonuks Kristjan Kaljusaar Ivar Leimus Christian L bke Madis Maasing Mihkel M esalu Anti Selart Vija Stik ne and Andres Tvauri **"--Achieved Nothing Worthy of Memory** Ragnar Hedlund,2008
