Qabalah John Bonner,2002-03-15 While it began as a mystical interpretation of Jewish scriptural texts today Qabalah is much more As John Bonner writes in his introduction Qabalah is a metaphysical philosophy or rather a theosophy that sets out to answer a series of vital questions regarding the nature of God His creation and the place of man in His divine plan It is a living growing system of personal development In addition much of contemporary Western magick is founded on the work of the Hermetic Order of the Golden Dawn which based its ritual and teachings firmly in Qabalah This scholarly introduction explores the mysteries of Qabalah through the symbolism of the Tree of Life and its four distinct elements the three Pillars of Manifestation the ten Holy Sephiroth the Paths that run to and from the Sephiroth and the Veils For each Sephirah Bonner provides detailed information on magical astrological and tarot correspondences as well as how different religious traditions relate to the concepts contained in each

The Mystery of 2012 Gregg Braden,Peter Russell,2009-01-01 Are we coming to the end of a cosmic cycle Will there be an age of awakening or even an end to the world we know For the first time the leading authorities on the 2012 phenomenon are all given voice in a single book The Mystery of 2012 From the prophecies of the Mayan astronomers to modern predictions about social ecological and spiritual changes to our world this comprehensive anthology offers you a chance to examine the mystery from every angle and to decide for yourself whether 2012 will end with a whimper or a bang Whether you re a skeptic a true believer or simply 2012 curious here is a thought provoking exploration of this approaching landmark in human history The book includes essay by the following list of scholars scientists philosophers and cutting edge thinkers Arjuna Ardagh Jos Arg elles PhD Gregg Braden Carl Johan Calleman PhD Gill Edwards Jean Houston PhD Barbara Marx Hubbard Janosh John Major Jenkins Lawrence E Joseph John Lamb Lash Ervin Laszlo Llewellyn Vaughan Lee PhD Meg Blackburn Losey PhD Joanna R Macy PhD Karl Maret MD Corinne McLaughlin James O Dea Christine Page MD John L Petersen Daniel Pinchbeck Sharron Rose Peter Russell Robert K Sitler Geoff Stray Jay Weidner **Irreverence and the Sacred** Hugh B. Urban,Greg Johnson,2019 Irreverence and the Sacred brings together some of the most cutting edge interdisciplinary and international scholars working today in order to debate key issues in the critical and comparative study of religion The project is inspired in large part by the work of Bruce Lincoln whose influential and wide ranging scholarship

has consistently posed challenging provocative and often irreverent questions that have really pushed the boundaries of the field of religious studies in important sometimes controversial ways Retracing the history of the discipline of religious studies Lincoln argues that the field has tended to champion a validating feel good approach to religion rather than posing more critical questions about religious claims to authority and their role in history politics and social change A critical approach to the history of religions he suggests would focus on the human temporal and material aspects of phenomena that are claimed to have a superhuman eternal or transcendent status This volume takes up Lincoln s challenge to do better by engaging in critical analyses of four key themes in the study of religion myth ritual gender and politics The book also interrogates the politics of scholarship itself critically examining the relations of power and material interests at work in the study as well as the practice of religion The scholars involved in this project include not only some of the most important figures in the American study of religion such as Wendy Doniger Russell McCutcheon Ivan Strenski and Lincoln himself but also European scholars whose work is hugely influential overseas but not as well known in the U S such as Stefan Arvidsson Claude Calame Nicolas Meylan and others

Woman's Home Companion ,1924      **Japan-Bashing** Narrelle Morris,2013-01-11 The aim of this book is to examine and analyse the phenomenon of Japan bashing from its invention and popularisation in the United States in the late 1970s to the emergence of other national variants including in Australia and Japan to its gradual decline in the late 1990s It is the first major book length study of Japan bashing from a multinational perspective one that attempts to place Japan bashing in its proper historical context and to examine its operation and legacy in the twenty first century Despite its importance in the study of discourses about Japan as well as in understanding broader global changes in the late twentieth century and beyond the phenomenon of Japan bashing remains largely neglected in published writings Moreover it is a far more complex phenomenon than has been assessed thus far While on first glance Japan bashing merely seems to recall other periods in which Japan has been viewed as a dangerous other to the West such as the Western emphasis on the yellow peril from the late nineteenth century as well as Allied anti Japanese propaganda during World War II Japan bashing also had its own distinctive characteristics Moreover while Japan bashing is often described as a quaint historical rather than a pressing contemporary phenomenon it is actually by no means extinct The ongoing influence of Japan bashing also has parallels in other bashing phenomena such as China bashing This book will be of interest to scholars and postgraduate students in Japanese studies and international relations
