Osama bin Laden is a person of faith and Al Qaeda is a faith based initiative This should serve to notify us that faith is not always a healthy human attribute This book is a psychology of religion and explains why that is the case Secularism began in Europe in the sixteenth century and has slowly spread to all parts of the globe It rejects the authority of religious institutions Globalization has made it impossible for traditional religions to avoid the pressure of secularism and so they are now painted into a corner and must resist Evangelical insurgency in the West and Islamic jihadism worldwide are two branches of this resistance

*Death of the Spirit in the American Workplace* Seth Allcorn,2001-11-30 There s more to work and the life of the organization than just numbers In his new book on how people function in work settings Allcorn calls it the human spirit It too contributes to the life and performance of organizations but like life itself it can die or be killed Allcorn argues that changes in how organizations are managed downsizing rightsizing reengineering and other catastrophic means can have an unintended but devastating result These factors can cause spiritual death the end of that quality in people that keeps them alive growing and productive Allcorn shows that management and the methods it uses to cope with organizational change must be adjusted to take into account a special kind of workplace spirituality and to nurture

it not destroy it Indeed he maintains that by appreciating the importance of the human spirit and liberating the quality of spirituality into the workplace benefits to the organization can be profoundly rewarding Allcorn explains the practical measurable results of this liberation documenting his assertions in heartbreaking detail Even the most tough minded executive will soon come to consider this book as essential as a spreadsheet Allcorn asserts that while spirituality inevitably has religious connotations in his use of the word it is fundamentally secular and powerfully humanistic Besides the rationality of numbers and the irrationalities common to a defensive workplace there is something else that permits members of organizations to rise above workplace adversities This creates organizational success As employees are downsized out or just furloughed the effect on the organization and those who remain is clearly destructive The author concludes that the way for an organization to achieve success is certainly not by killing its people s spirit by firing them Other means exist to preserve the organization and Allcorn explores them in careful useful detail [The Congregational Review](#) ,1867 [High-Tech Pan-Materialism and Humanist Ethics](#) Youzheng Li,2022-08-02 This book explores how the human scientific mode of spiritual resources may be reorganized to balance the extremely materialist civilization of today It discusses the dominance of the high tech commercialization of the Earth and the serious weakening of rational spiritual stamina as well as institutional rigidity in the humanities The book also considers traditional Chinese intellectual history inspired by the classical Chinese humanist ethical spirit as revealing the cross historical universality of humanist lined ethics rooted in human nature Although the natural sciences and social sciences have led to the unprecedented progress of material human civilization the fundamental factor that determines the rational orientation of spiritual civilization should be the modern human sciences that are reorganized in terms of semiotic strategy and humanistic ethics leading hopefully to a new era of enlightenment for mankind The book asserts that humanistic ethics as the central spirit of the humanities includes both epistemology and action dynamics The pertinent activation of both depends definitively on the subject s free willpower [Locutions to the World 2015 - Messages from Heaven about the near Future of our World](#) Jesus Christ, Virgin Mary,2016-04-07 Messages from Heaven about the near Future of our World By our Lord and Saviour Jesus Christ and our Mother of Salvation Holy Virgin Mary Virgin Mary is God s Final Preacher God is always trying to lead man away from self destruction He sends his preachers He sends his teachers But these are snuffed out Their words are not listened to and their invitations are rejected So finally he has sent me I am his final teacher his final prophet I am his last opportunity to change the course of history There is no one behind me no other message no other signs than the ones that I will give When I tell the world that it must listen to me I am not speaking from a selfish and arrogant spirit I am speaking as one who sees the destruction the hopelessness of mankind if my words are not heeded The last of five books from 2011 until 2015 [The Social Crisis of Our Time](#) Wilhelm Roepke,2017-07-28 Roepke s The Social Crisis of Our Time is a series of blasts against the malformations of economics the Nazi and Communist forms of collectivism both come in for severe criticism Roepke shows the process by

which the Western liberal tradition itself makes possible these rebellions against open economic systems The drive toward social welfare full employment policies and the state management of fiscal fluctuations all lead away from free societies no less than market economies
