Mobley, 2014-09-04 The fat female body is a unique construction in American culture that has been understood in various ways during the twentieth and early twenty first centuries Analyzing post WWII stage and screen performances Mobley argues that the fat actress s body signals myriad cultural assumptions and suggests new ways of reading the body in performance **The Sensuous Woman**, 1969 **LIFE**, 1971-06-11 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Sexual Science and the Law** Richard Green, 1992 Extensive study of areas in which law and jurisprudence are affected or not by new scientific understanding The Great Moonpie Handbook Ron Dixon, **The Sensuous Lie** Celia Haddon, 1983 *Sexing the Millennium* Linda Grant, 1994 Joan Smith has said that Linda Grant is on the side of sex and on the side of women and Sexing the Millennium is a compellingly thorough examination of the colossal social shifts catalyzed by that brief period when sex was free from the threats of both pregnancy and disease **Sexual Behavior**, 1971 The Sixties Arthur Marwick, 2011-09-28 If the World Wars defined the first half of the twentieth century the sixties defined the second half acting as the pivot on which modern times have turned From popular music to individual liberties the tastes and convictions of the Western world are indelibly stamped with the impact of this tumultuous decade Framing the sixties as a

for her and the secret unborn daughter she shared with Wallace Yet despite her best efforts society and the legal system prevented her from receiving the money that should rightfully have been hers Now though with changes in the legal system and science her daughter Arden may finally succeed in claiming the inheritance that has been long denied Told from both Arden and Virginia s viewpoints straddling past and present and moving from Toronto to New York City The Inheritance is a poignant portrait of familial bonds haunting pasts the collateral damage of life choices and the promise of hopeful futures as two venerable women fight for the life they deserve
