you to go against the natural current to go upstream give to others when you're depleted and pretend you are happy and spiritual when that's not how you truly feel Over time you may start to feel like your spirit is becoming emptier and joyless While we struggle against the current the river of our soul is patiently waiting for us to seek nature's way live our inherent passion let life be easy and attract our good to us As a society we have been taught to question when we experience pain trauma or grief We might ask questions like Where is God or my Higher Source in my time of need Why do bad things happen to good people Why can't my body heal Why can't my lifestyle improve or If I was born with a purpose and passion why is it so hard for me to find it In this book these questions and many more are answered by seeing your life from a higher more pure perspective By doing away with all shame doubt and feelings of being violated you can learn how to move out of self-damaging beliefs and into becoming your true self You will learn how to start treating your body mind and spirit as though they are your best friends so that you can connect with Divine Intelligence You were born with a readily available Intelligence that beats your heart and digests your food it's what keeps you alive You will also discover how to use your intuition as your internal guidance system If you've ever had a gut feeling about something then you've already experienced your intuition trying to communicate with you This intuition is real and needs to be acknowledged Each chapter of this book will give you detailed instructions on how to help deepen your spiritual life May you embrace your true self with great curiosity for the mystery and mastery that lies within you

Heird,Steven B. Heird, MD, FACS,2015-01-13 Here in this raw account of one doctor s journey to Hell and back is the prescription that could save the life of someone you love Addiction can affect anyone of any occupation education or social class The most common denominator among all addicts though is that they once thought it could never happen to them As Head of the Department of Vascular Surgery at a large community hospital Dr Steve Heird was well aware of all this Yet even as he wrote one illegal prescription

after another all for himself he refused to believe he had a problem He was in control It could never happen to him But the day came when tired of playing a game of cat and mouse with the DEA and finally ready to accept help with his problem Steve had to face his family and go into rehab Everything that mattered to him his family his career his lifestyle was on the line and he risked losing it all to serve a ten year prison sentence That was one of the worst days of my life he now says I had hurt the people I loved most I felt overwhelmed with shame and self loathing How could I have screwed up so badly But there s a silver lining to the cloud that followed Dr Heird all those years His personal healing has led to the creation of a system of strategies for recognizing the warning signs whether in yourself or others and overcoming any addictions along with the fear and self doubt that feed them In this entertaining and inspiring true life account and through his Prescriptions For Awareness healing program Dr Heird proves beyond a doubt that NOBODY is entirely above the reach of addiction and no addict need ever feel doomed to remain forever within its grasp *Self-culture; Physical, Intellectual, Moral and Spiritual*
