*The Transformations of Man* Lewis Mumford, 2021-12-30 Originally published in 1957 this volume compares the 20th Century transformation of human life to the revolution which swept early man into the first civilized communities It shows how each radical new stage of human development grew out of changes in human personality and consciousness such as the invention of language and symbols the origins of universal religions and the mechanization of everyday life Despite the threat that the author foresees from an over reliance on automation the book maintains that humanity still has the means spiritual personal and technological to create a sustainable future for itself by increasing the usefulness and freedom of all men

*Folktales of Newfoundland (RLE Folklore)* Herbert Halpert, J.D.A. Widdowson, 2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province The intention was to collect as broad a spectrum of traditional material as possible and Folktales of Newfoundland is notable not only for the number and quality of its narratives but also for the format in which they are presented A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator s language In addition Newfoundland has preserved many aspects of English and Irish folk tradition some of which are no longer active in the countries of their origin Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland the researchers set out to discover if this was in fact the case
