## **Witches Tears:**

*The Witch's Tears* Jenny Nimmo, 2002      *Demonology and Witch-Hunting in Early Modern Europe* Julian Goodare, Rita Voltmer, Liv Helene Willumsen, 2020-08-11 Demonology the intellectual study of demons and their powers contributed to the prosecution of thousands of witches But how exactly did intellectual ideas relate to prosecutions Recent scholarship has shown that some of the demonologists concerns remained at an abstract intellectual level while some of the judges concerns reflected popular culture This book brings demonology and witch hunting back together while placing both topics in their specific regional cultures The book s chapters each written by a leading scholar cover most regions of Europe from Scandinavia and Britain through to Germany France and Switzerland and Italy and Spain By focusing on various intellectual levels of demonology from sophisticated demonological thought to the development of specific demonological ideas and ideas within the witch trial environment the book offers a thorough examination of the relationship between demonology and witch hunting *Demonology and Witch Hunting in Early Modern Europe* is essential reading for all students and researchers of the history of demonology witch hunting and early modern Europe      **Emotions in the History of Witchcraft** Laura Kounine, Michael Ostling, 2017-02-09 Bringing together leading historians anthropologists and religionists this volume examines the unbridled passions of witchcraft from the Middle Ages to the present Witchcraft is an intensely emotional crime rooted in the belief that envy and spite can cause illness or even death Witch trials in turn are emotionally driven by the grief of alleged victims and by the fears of magistrates and demonologists With examples ranging from Russia to New England Germany to Cameroon chapters cover the representation of emotional witches in demonology and art the gendering of witchcraft as female envy or male rage witchcraft as a form of bullying and witchcraft accusation as a form of therapy love magic and demon lovers and the affective memorialization of the Burning Times among contemporary Pagan feminists Wide ranging and methodologically diverse the book is appropriate for scholars of witchcraft gender and emotions for graduate or undergraduate courses and for the interested general reader      **The Palgrave Handbook of Queer and Trans Studies in Religion** Melissa M. Wilcox, 2025-09-26 This Handbook is a first of its kind high quality reference resource guiding readers through the burgeoning fields of queer and trans studies in religion and pointing them toward the newest directions these fields are taking or should take The chapters cover both theoretical and methodological considerations and also highlight the histories perspectives and ongoing activism of queer and trans people in a wide array of religious contexts Written by a team of both established senior scholars and emerging scholars all working on the leading edges of the field and edited by a senior scholar who also authored the first ever introduction to the field this handbook aims to play a role in defining queer and trans studies in religion for years to come      Faiths and Folklore William Carew Hazlitt, 1905      **Imagining the Witch** Laura Kounine, 2018-11-01 *Imagining the Witch* explores emotions gender and selfhood through the lens of witch trials in early modern Germany Witch trials were clearly a gendered phenomenon but witchcraft was not a uniquely female crime While

women constituted approximately three quarters of those tried for witchcraft in the Holy Roman Empire a significant minority were men Witchcraft was also a crime of unbridled passion it centred on the notion that one person s emotions could have tangible and deadly physical consequences Yet it is also true that not all suspicions of witchcraft led to a formal accusation and not all witch trials led to the stake Indeed just over half the total number put on trial for witchcraft in early modern Europe were executed In order to understand how early modern people imagined the witch we must first begin to understand how people understood themselves and each other this can help us to understand how the witch could be a member of the community living alongside their accusers yet inspire such visceral fear Through an examination of case studies of witch trials that took place in the early modern Lutheran duchy of W rtemberg in southwestern Germany Laura Kounine examines how the community church and the agents of the law sought to identify the witch and the ways in which ordinary men and women fought for their lives in an attempt to avoid the stake The study further explores the visual and intellectual imagination of witchcraft in this period in order to piece together why witchcraft could be aligned with such strong female stereotypes on the one hand but also be imagined as a crime that could be committed by any human whether young or old male or female By moving beyond stereotypes of the witch Imagining the Witch argues that understandings of what constituted witchcraft and the witch appear far more contested and unstable than has previously been suggested It also suggests new ways of thinking about early modern selfhood which moves beyond teleological arguments about the development of the modern self Indeed it is the trial process itself that created the conditions for a diverse range of people to reflect on and give meaning to emotions gender and the self in early modern Lutheran Germany The Lancashire Witches William Harrison Ainsworth,1882 **A history of the witches of Renfrewshire, who were burned on the gallowgreen of Paisley. Publ. by the ed. of the Paisley repository [J. Millar]. [With] Appendix, by D. Semple** Renfrew county,1877 The American Penman ,1924 **The Witches' Pharmacopœia** Robert Fletcher,1896 Country Life ,1909 Witches Nancy Garden,1975 Traces the history of witchcraft throughout the world from ancient times to the present **A History of the Witches of Renfrewshire** ,1877 *The Encyclopedia of Witches, Witchcraft and Wicca* Rosemary Guiley,2008 Witchcraft practices around the world and from many periods in history are defined and explained Beyond life James Branch Cabell,1927 **A Witch Trial in the Fourteenth Century** ,1874 *The Witches Head* Henry Rider Haggard,1887 **Ainsworth's novels** William Harrison Ainsworth,1878 **The Witches Daughter** Charles Sanford Skilton,1918 **Works** William Harrison Ainsworth,1882
