Yellow Earth:

Dawn of the Yellow Earth Regina Krahl, Annette L. Juliano, 2000 This catalogue of pre Han pottery presents a variety of regional ancient cultures and reveals China's early civilizations through 63 fine examples of ceramic artworks from the Neolithic period through the Western Zhou dynasty drawn from the renowned Meiyintang Collection. Clearly outlining the different regions and characteristics of the ceramic producing cultures of ancient China, this volume includes information on newly excavated materials and discussion on how these Neolithic and Bronze age cultures laid the foundations for China's later artistic and cultural achievements. *The Ethnogeography of the Tewa Indians* John Peabody Harrington, 1916

Chinese Migrant Entrepreneurship in Australia from the 1990s Jia Gao, 2015-08-08 For more than two decades Australia has not only prospered without a recession but has achieved a higher growth rate than any Western country. This achievement has been credited to Australia's historic shift to Asia; the transformation of the relationship between these two countries is one of the most important changes in the Asia Pacific region. However, the role of new Chinese migrants in transforming Sino-Australian relations through their entrepreneurial activities has not been deeply explored. *Chinese Migrant Entrepreneurship in Australia from the 1990s* adds new theoretical considerations and empirical evidence to a growing interest in entrepreneurship and presents an account of a group of new Chinese migrant entrepreneurs who have succeeded in their business ventures, significantly contributing to both Australia and China. The first chapter introduces the history between Australia and China, followed by chapters focusing on post-migration realities, economic opportunities, Chinese outbound tourism, and the use of community media. The final chapter concludes with a summary. Focuses on the people whose entrepreneurial activities have spread across industries and facilitated trade and cultural contacts. Analyses the experiences of the new migrants from China. Offers evidence that challenges outdated but still widely held assumptions about ethnic Chinese entrepreneurs. Presents longitudinal research on the new Chinese migrant community in Australia since the late 1980s. Demonstrates a dynamic process that challenges the overemphasis on the impact of globalisation on Chinese entrepreneurs. *The Earth and Its Inhabitants, Asia: Asiatic Russia* Elisée Reclus, 1884 *The Earth and Its Inhabitants ...: Asiatic Russia: Caucasia, Aralo-Caspian basin, Siberia* Elisée Reclus, 1891
