**The Divine Paradox** Roger Ladd Memmott, 2006-03 A Compass Book Hardcover 130 pages AS NOTED IN THE PREFACE to this tour de force It is virtually impossible to read the scriptures without considering the multitude of contraryisms if not the profound if only apparent contradictions that embody divine truths The Divine Paradox gives consideration to a few of the remarkable and deeply profound paradoxes that lie within the scriptures paradoxes given and revealed by divinity to assure us not only of the nature of our reality but more importantly the nature of our relationship to the Father and the Son As we come to understand the Divine Paradox we come to more fully appreciate the principles that lie behind our free agency the atonement and eternal life We come to more fully appreciate what the Lord means when in Moses 1:39 he tells the ancient prophet For behold this is my work and my glory to bring to pass the immortality and eternal life of man

**Preservation and Protest** Ryan Patrick McLaughlin, 2014-11-01 Preservation and Protest proposes a novel taxonomy of four paradigms of nonhuman theological ethics by exploring the intersection of tensions between value terms and teleological terms McLaughlin systematically develops the paradigm of cosmocentric transfiguration arguing that the entire cosmos shares in the eschatological hope of a harmonious participation in God's triune life With this paradigm McLaughlin offers an alternative to anthropocentric and conservationist paradigms within the Christian tradition an alternative that affirms both scientific claims about natural history and the theological hope for eschatological redemption
