Yo Peron:

Juan Perón's Anti-Imperialist Geopolitics Robert D. Koch, 2024-09-05 This book explores Argentine President Juan Domingo Peron's geopolitical vision over his lifetime to analyse and understand its impact on the international history of the mid 20th century

Juan Perón Jill Hedges, 2021-04-08 Within Argentina Juan Domingo Peron continues to be the subject of exaggerated and diametrically opposed views A dictator a great leader the hero of the working classes and Argentina's first worker a weak and spineless man dependent on his stronger-willed wife a Latin American visionary a traitor responsible for dragging Argentina into a modern socially just 20th century society or conversely destroying for all time a prosperous nation and fomenting class war and unreasonable aspirations among his client base Outside Argentina Peron remains overshadowed by his second wife Evita The life of this fascinating and unusual man whose charisma political influence and controversial nature continue to generate interest remains somewhat of a mystery to the rest of the world Peron remains a key figure in Argentine politics still able to occupy so much of the political spectrum as to constrain the development of viable alternatives Jill Hedges explores the life and personality of Peron and asks why he remains a political icon despite the negatives associated with his extreme personalism

The Crisis of Argentine Capitalism Paul H. Lewis, 1992 By focusing on the organization development and political activities of pressure groups rather than on parties or governmental institutions Lewis political science Tulane U gets to the root causes of Argentina's instability and decline His study is of the industrialist bourgeoisie and their relation to labor government the military and foreign capital Annotation copyrighted by Book News Inc Portland OR
