Something Left To Lose

James Donald

Something Left To Lose:

Something Left To Lose Gwendolyn Dordick, 1997-04-21 Homelessness is usually discussed in terms of its origins or in terms of its amelioration. Media accounts focus on poverty, drug use, lack of shelter, the social safety net, or attempts by the homeless, social service agencies, and government to end homelessness by policy and direct action. Yet we never seem to get a clear picture of who the homeless are. We are exposed to them as a social problem, but we learn little about their daily existence. In *Something Left to Lose*, Gwendolyn A. Dordick gives us a dramatic portrait of the social and personal lives of the homeless. Through her extensive hanging out with homeless people, Dordick came to a profound understanding of the web of relationships that provides complex social structure in situations where, to the casual eye, there appears to be only chaos and paralysis. The author shows us that improvising shelter means working hard to co-exist with others. Lacking conventional private dwellings, the homeless find or create shelter in unconventional places: on street corners, adjoining bus stations, on empty lots of land, or in shelters, public or private, and negotiate the rules of these places with authorities, passersby, and fellow homeless. The different environments lead to quite different social relations. The Armory, for example, is a frightening place thanks to the authoritarian attitudes of the employees and cliques of homeless people in charge. In the Shanty, on the other hand, the difficult issues are those of a self-governing community concerned about safety, controlling the drug use of some residents, deciding who is allowed to tap into the electricity, and worrying about intruders. In all settings, daily life for people without homes is like daily life for people with homes, full of the concerns of personal relationships. How will we share our goods and emotions, speak respectfully to each other, love and joke, and work out our disputes, and act in a trustworthy fashion? This book is also a miniature research odyssey, complete with moments of fear, frustration, blunders, distrust, and trust. In order to gather these interviews, Dordick had to not only win the confidence of the homeless people she visited, the women at the Station thought she was interested in their boyfriends, but also negotiate with unsympathetic police and shelters employees, or defy them.

Nothing Left to Lose Dan Wells, 2017-06-06 Hi, My name is John Cleaver and I hunt monsters. I used to do it alone, and then for a while I did it with a team of government specialists, and then the monsters found us and killed almost everyone, and now I hunt them alone again. This is my story. In this thrilling installment in the John Wayne Cleaver series, Dan Wells brings his beloved antihero into a final confrontation with the Withered. *Nothing Left to Lose* is a conclusion that is both completely compelling and completely unexpected. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Being Homeless Amir B. Marvasti, 2003-01-01 *Being Homeless* presents the stories of homelessness as told from the perspectives of the clients, the staff, and a researcher at an emergency shelter. Drawing on in-depth interviews, shelter documents, and historical analysis, the author underscores the necessity for a more comprehensive response to the needs of homeless people.
