Song Of Infertility:

illuminating Shadow Figures in Scripture Chantal J. Klingbeil, Gerald A. Klingbeil, 2010 If you've ever felt unimportant that your life's work hasn't made even the tiniest ripple in the grand scheme of things you're not alone Meet a few of the shadow figures in Scripture who probably felt the exact same way people who lived out their lives in anonymity except for a few words recorded in the Bible Explore the lives and times of these minor characters some silent and passive others bold and aggressive still others weak and vacillating and discover that even those who are nameless in Scripture had a definite place in God's overarching plan

Countless Blessings Barbara M. Cooper, 2019-07-01 How do women in Niger experience pregnancy and childbirth differently from women in the United States or Europe Barbara M Cooper sets out to understand childbirth in a country with the world's highest fertility rate and an alarmingly high rate of maternal and infant mortality Cooper shows how the environment slavery and abolition French military rule and the rapid expansion of Islam have all influenced childbirth and fertility in Niger from the 19th century to the present day She sketches a landscape where fear of infertility generates intense competition between communities ethnicities and co-wives and creates a culture where concerns about infertility dominate concerns about overpopulation where illegitimate children are rejected and where the education of girls is sacrificed in the name of avoiding shame Given a medical system poorly adapted to women's needs a precarious economy and a political context where it is impossible to address sexuality openly Cooper discovers that it is little wonder that pregnancy and birth are a woman's greatest pride as well as a source of grave danger
