"Song of Napalm" by Bruce Weigl

After the storm, after the rain stopped **pounding**,
we stood in the doorway watching horses
walk off lazily across the pasture's hill.
We stared through the black screen,
our vision altered by distance, so I thought I saw a mist
kicked up around their hooves when they faded
like cut-out horses away from us.
The grass was never more blue in that light, more
scarlet; beyond the pasture
trees scraped their voices into the wind, branches
crisscrossed the sky like barbed wire
but you said they were only branches.

Okay. The storm stopped pounding.
I am trying to say this straight: for once
I was sane enough to pause and breathe
outside my wild plans and after the hard rain
I turned my back on the old curses. I believed
they swung finally away from me . . .

But still the branches are wire
and thunder is the pounding mortar,
still I close my eyes and see the girl
running from her village, napalm
stuck to her dress like jelly,
her hands reaching for the no one
who waits in waves of heat before her.

So I can keep on living, so I can stay here beside you,
I try to imagine she runs down the road and wings
beat inside her until she rises above the stinking jungle and her pain
eases, and your pain, and mine.

But the lie swings back again.
The lie works only as long as it takes to speak
and the girl runs only as far as the napalm allows
until her burning tendons and crackling
muscles draw her up into that final position
burning bodies so perfectly assume. Nothing
can change that, she is burned behind my eyes
and not your good love and not the rain-swept air
and not the jungle-green
pasture unfolding before us can deny it.

Song Of Napalm:

Song of Napalm Bruce Weigl, 1994-01-21 *Song of Napalm* is more than a collection of beautifully wrought heartwrenching and often very funny poems. It is a narrative the story of an American innocent's descent into hell and his excruciating return to life on the surface. Weigl may have written the best novel so far about the Vietnam War and along the way a dozen truly memorable poems. Russell Banks [Song of Napalm](#) Weigl, 1991-10-01 **Extreme Music** Michael Tau, 2022-08-30 Expand your aural and sensory experiences with *Extreme Music*. An exploration of tomorrow's sounds and silences today. Michael Tau had spent years obsessed by the extremes of musical expression. *Extreme Music: Silence to Noise and Everything In Between* is the culmination of decades of research into the sounds and silences that comprise the outer limits and conceptual expressions that stretch the definition of music. Tau defines and categorizes these recorded sounds into sections that allow fans and newcomers to explore the fascinating world of musicians who defy convention. He explores a wide range of extremes including volume, speed, and vulgarity to packaging, recording methods, unplayable media, outdated technologies, and digital pioneers. He asks and answers the questions: Are all sounds music? Is silence music? Is a plate of rotting food, once cataloged, packaged, and sold by a distributor, qualify as music? *Extreme Music* includes over 100 interviews with makers and musicians as Tau uses his background in psychiatry to help readers understand what motivates people to create and listen to non-mainstream music. As a fan of multiple avant-garde musical genres, Tau uncovers the pleasures and sometimes pain and frustration found at the outer fringes of music. *Extreme Music* is the ideal guide for curious seekers, die-hard fans, and cultural investigators. Features images and curated links to samples of music. *Masterplots II*. Philip K. Jason, Tracy Irons-Georges, 2002 Comprehensive coverage of the most commonly studied poems written in or translated into English.

Vietnam Reconsidered Harrison E. Salisbury, 1985 In 1983 a diverse group of journalists, U.S. and South Vietnamese policymakers, veterans, former intelligence agents, army generals, photographers, and antiwar activists gathered to appraise the war and its impact on American society. Topics covered included the war's origins, the impact of print and broadcast journalism, and the war's effects on veterans, civilians, the Vietnamese, and the armed forces. **Literature** Victoria Roberts, 1997-09-10 *Fighting and Writing the Vietnam War* Don Ringnalda, 1994 **Acts and Shadows** Philip K. Jason, 2000 The imaginative literature of the Vietnam War participates both overtly and covertly in a struggle for national memory. First-generation Vietnam War literature focusing on representations of combat and life in the battlefield strove to give testimony to write history. Later writings in their range of genre and style investigate and interrogate the very meaning of war. To reflect these two stages, Philip Jason divides his newest book of literary criticism into two sections: acts and shadows. In *Acts*, Jason provides formal and cultural readings of combat narratives by such authors as James Webb, Larry Heinemann, and Joe Haldeman and explores the meaning of authenticity as applied to Vietnam War texts. *Shadows* looks both forward and backward from the combat zone, challenging the parameters of what we define as Vietnam War literature.

Creating Another Self Samuel Maio,1995 This book makes two significant literary assertions First that all first person voice poetry necessarily involves a masking of some kind and second that all personal poetry falls into one of three masking modes the confessional the persona and the self effacing Samuel Maio supports these claims with an in depth analysis of the work of representative poets three for each mode Robert Lowell James Wright and Anne Sexton confessional John Berryman Weldon Kees and Galway Kinnell persona and Mark Strand Charles Simic and David Ignatow self effacing Further the book draws on the work of several newer poets such as Garrett Hongo and Jim Barnes to suggest that personal poetry has had a far reaching influence on 20th century poetry A work of theoretical criticism and not a survey of personal poets **Creating Another Self** suggests that contemporary personal poetry is a distinctive phase begun in the 1950s and coming to a close in the 1990s The book is an important work for scholars of American literature and for creative writers

Vietnam and Other American Fantasies Howard Bruce Franklin,2000 Written by a cultural historian this text offers a wide ranging exploration of the causes meaning and continuing significance of the American war in Vietnam arguing that the war was not a mistake or a quagmire but a defining event in global history
