The Song of Songs P. W. Th Stoop-van Paridon, 2005 Since time immemorial the Song of Songs SofS has been a source of amazement and inspiration The countless translations and interpretations of this book differ greatly from one another Does the Hebrew text indeed justify this To answer this question an unprejudiced philological analysis is necessary that keeps strictly to the text which does justice to the context and approaches the book intrinsically and as rationally as possible Such methods followed by the author of this text make clear that the SofS is a continuous story running from SofS 1 2 to 8 14 with a cohesive structure which is readily comprehensible and logical That even applies to verses e g 2 15 6 12 which are viewed by most as puzzling In the SofS a consistent use of language is employed which means for example that the individual speakers are recognisable this together with the intrinsically cohesive structure of the work is a central argument in this volume
