My 90 Days Saga Pranati Mohanty, 2021-04-21 My 90 Days Saga was written by a first time author at a very interesting time She had been contemplating to leave her corporate job for quite some time As she crawled along in her life her stresses became a nuisance When she finally decided to call it a day she was served a usual three months notice period This was the time when she decided to write her life story during a particular phase of time Amid uncertainties she bought a sick boutique unit with her savings knowing fully well that financial cushion was paltry And then Covid pandemic struck India disrupting human lives in all forms She was stuck at home doing her office jobs contemplating a business strategy on how to make a sick unit profitable She did not have any experience in business but the domain in which she entered was a childhood fascination creative designing which in the hindsight actually helped her To top it all she managed a heavy course work for a new management qualification from Xavier Institute which she successfully completed Being a single woman she did all these during a pandemic with so much of uncertainties around She attributed her indomitable spirit to her parents and unfathomable faith in the Almighty Her transformation process from a normal small town girl from a remote corner of India to a successful entrepreneur symbolized her increasing self belief
