this is a guide to the materials and techniques used in today's most creative and progressive art movement. In hundreds of pictures and illustrations and dozens of interviews with the world's most famous artists, the authors show exactly how graffiti is made. From spray techniques and hand styles to tools and style analysis, this is a trip around the world for the tricks of graffiti writers. Includes tips on how to create your own piece, tag and throw up, how to use textiles, glass, metal, concrete, or wood with Swet, Jurne, Mad C, Egs, and Chob as some of the featured artists.

Educational Psychology Robert E. Slavin, 2006. Slavin writes in such a way that concepts are very clear and examples illustrating the concepts are engaging and relevant. Karen Huxtable, Jester, University of Texas at Dallas. For the teacher candidate who is often encountering this material for the first time, the tables, organization, and formatting of the chapters make this text eminently accessible. Richard Battaglia, California Lutheran University. The major strength of this text is its relevance to effective teaching. Slavin touches on various approaches and types of teaching, and the consistent message of intentional teaching is evident. Joshua S. Smith, University at Albany. This edition continues to have in-depth practical coverage with a focus on the intentional teacher. It presents up-to-the-minute research that a reflective intentional teacher can apply. The eighth edition of this popular text from renowned educational psychologist Robert Slavin translates theory into practices that teachers can use in their classrooms and focuses on the concept of intentionality. An intentional teacher, according to Slavin, is one who constantly reflects on his or her practice and makes instructional decisions based on a clear conception of how these practices affect students. To help readers become intentional teachers, the author models best practices through classroom examples and offers questions to guide the reader. New to This Edition: NEW Teaching Dilemmas in all chapters introduce controversial issues of practice and ask students to reflect on their own beliefs with Reflective Questions. NEW Certification Pointers throughout the text note text content likely to appear on state certification tests. NEW Personal Reflections describe chapter-related events from the author's own experience, helping students relate to the text as the product of a real author's work. Updated throughout with important new coverage on programs for English language learners, Chapter 4, technology and No Child Left Behind, Chapter 9, to keep students abreast of current trends and issues. NEW IDEA updates are included in Chapter 12. NEW certification guides for state-specific tests in California, Texas, New York, and Florida, as well as a general certification guide based on Praxis, are available free with the text so that students can readily keep and use this text to prepare for their state certification tests. Please visit the companion web site for this book at www.ablongman.com/slavin8e to find practice quizzes, web links, activities, and more. Package this text with MyLabSchool, a powerful set of online tools that bring the classroom to life. See the inside cover and visit www.mylabschool.com for more information.
