Take Two Second Acts:

Second Act Barbara Barrie, 1997 inguished stage film and television actress Barbara Barrie shares her battle with colon cancer and the resulting colostomy in a way that is ultimately uplifting and inspirational *Now I Know Only So Far* Dell H. Hymes, 2003-01-01 In *Now I Know Only So Far* sociolinguist and ethnoepoetic scholar Dell Hymes examines the power and significance of Native North American literatures and how they can best be approached and appreciated Such narratives Hymes argues are ways of making sense of the world To truly comprehend the importance and durability of these narratives one must investigate the ways of thinking expressed in these texts the cultural sensibilities also deeply affected by storytellers particular experiences and mastery of form Included here are seminal overviews and reflections on the history and potential of the field of ethnoepoetics Native North American stories from areas ranging from the Northwest Coast to the Southwest take center stage in this book which features careful scrutiny of different realizations and tellings of the same story or related stories Such narratives are illuminated through a series of verse analyses in which patterned relations of lines throw into relief differences in emphasis shape and interpretation A final group of essays sheds light on the often misunderstood and always controversial role of editing and interpreting texts *Now I Know Only So Far* provides penetrating discussions and absorbing insights into stories and worlds both traditional and new

Summa Theologiae, Prima Pars: Volume 2, On the Holy Trinity and Creation in General, QQ 27-74 Thomas Aquinas, Thomas de Vio Cajetan, 2023-06-23 When Leo XII promulgated *Aeterni Patris* in 1879 he stipulated that the Leonine or official edition of the *Summa* should always be printed in conjunction with Cajetan's Commentary For five hundred years they were studied together Generations were trained by reading through the *Summa* article by article with Cajetan's commentaries in hand Early printed editions of the *Summa* typically included them in a Talmudic arrangement as marginal text running around each article by Aquinas This edition imitates that example Recently serious thinkers of all denominations and none have found new reasons to be interested in St Thomas His text is deceptively simple yet important issues are handled in every article sometimes below the surface Cajetan extracts these hidden issues and explains and elaborates on them with remarkable affinity to modern analytical philosophy Part of that affinity lies in the use of modal logic a tool whose importance was overlooked between the Renaissance and the twentieth century The time is ripe for an analytically inspired translation of Thomas hence this volume Never until now has Cajetan's Commentary been put into English in its entirety William Marshner's translation is consistent with fidelity to the technical force of the original The translator's footnotes acknowledge what empirical science has made obsolete in the work of St Thomas and also make clear how much today's science would have saved Thomas useless labor This volume will for the first time make Cajetan's help available to the modern reader

The Netflix Vision of Horror Sotiris Petridis, 2021-07-05 Since the emergence of on demand streaming platforms television as a storytelling medium has drastically changed The lines between TV and cinema are blurred Traditionally television relied on narrative forms and

genres that were highly formulaic striving to tease the viewer onward with a series of cliffhangers while still maintaining viewer comprehension Now on platforms such as Netflix the lack of commercial breaks and the practice of binge watching have led to a new type of television flow that urges viewers to see and consume a series as a whole and not as a fragmented narrative This book examines the structuring methods of 13 Netflix original horror series including Chilling Adventures of Sabrina Stranger Things Hemlock Grove The Haunting of Hill House and Santa Clarita Diet Although these shows use television as the medium of storytelling they are structured according to the classical rules of film **The Academy** ,1876
