Guice,2008 There is one answer to these questions the Word of God In her first children s book *Mommy Teach Me How to Pray* author Laillah M Guice shares with the world the simplistic but effective way to teach children how to pray the Word of God The author has taken the Lord s Prayer from the Gospel of Matthew and incorporated it into a children s book Why a children s book In order to develop a spiritual foundation children should be taught at an early age the importance of prayer *Mommy Teach Me How to Pray* is a wonderful teaching tool for anyone involved in a life of a child *Introduction to Abnormal Child and Adolescent Psychology* Robert Weis,2017-02-01 Robert Weis third edition of *Introduction to Abnormal Child and Adolescent Psychology* adopts a developmental psychopathology approach to understanding child disorders Using case studies this perspective examines the emergence of disorders over time pays special attention to risk and protective factors that influence developmental processes and trajectories and examines child psychopathology in the context of normal development Designed to be flexible via its focused modular organization the text reflects the latest changes to the DSM DSM 5 2013 and is updated with new research and developments in the field **Teach Me Mommy** Timbriana Lashay Adams,2024-08-21 In *Teach Me Mommy* embark on a heartfelt journey of maternal guidance and wisdom as a mother imparts essential life lessons to her child Through tender
