Confidence

Communication Skills

Speaking classes can help children learn how to communicate more effectively, including articulating their thoughts and feelings and learning active listening skills.

Thinking on their Feet

In a public speaking class, students will learn how to think on their feet and speak off the cuff. This valuable skill will come in handy in many situations, such as job interviews and networking events.

Leadership Skills

Public speaking can also help children develop leadership skills. Children who can stand up in front of a group and give a speech are more likely to be successful leaders in their future careers.
