Shryock Hood, 2018-05-25 Contemporary American horror literature for children and young adults has two bold messages for readers adults are untrustworthy unreliable and often dangerous and the monster always wins as it must if there is to be a sequel Examining the young adult horror series and the religious horror series for children Left Behind The Kids for the first time and tracing the unstoppable monster to Seuss's Cat in the Hat this book sheds new light on the problematic message produced by the combination of marketing and books for contemporary American young readers **Confessions of a Eurosceptic** David Heathcoat-Amory, 2012-09-19 The former politician details his career while offering an insider's look at Britain's European involvement in the 1980s and 90s in this personal memoir Few are better placed to write on Britain's relations with the European Union than David Heathcoat Amory In describing his own journey from initial enthusiasm for a Common Market to rejection of the EU he gives an insider's view of the delusions and deceits which surround the European question As a Member of Parliament Minister of State and Privy Councillor Heathcoat Amory witnessed two prime Ministers wrestling with the elephant in the room He describes Margaret Thatcher's struggles against EU control and the clashes with cabinet colleagues which split the Conservative Party and brought her down Under John Major David Heathcoat Amory played a pivotal role in the parliamentary battles over the Maastricht Treaty As Minister of State for Europe he was intimately involved in keeping Britain out of the euro thereby avoiding the worst of the current devastating financial crisis He resigned as Paymaster General in 1996 on a matter of principle In Opposition he was sent by the House of Commons to negotiate a Constitution for Europe which he opposed with a small group of dissidents from other EU countries As they predicted the European Constitution was decisively rejected in referendums in France and Holland but was forced through anyway with Blair's government refusing a referendum at home The book includes a blueprint for a radically new relationship between Britain and the EU The Author argues that with

leadership and ambition this is now attainable with the final decision resting with the people in a referendum Praise for Confessions of a Eurosceptic An elegant memoir that outlines his euroscepticism but also touched with personal and family tragedy Total Politics A brisk and unpompous memoir which incidentally makes a brisk and unpompous case against the EU Standpoint This book is unlike most books by politicians With unusual clarity this book tells the story of Britain s European involvement since the mid Eighties The Daily Telegraph
