Tell Me Why Water And Weather:

Air, Water, and Weather William C. Robertson, 2005 *Air Water and Weather* is the sixth book in the award winning Stop Faking It series published by NSTA Press It offers all the features readers have come to love accurate explanations irreverent drawings and activities that use easy to find materials

Water, Weather and the Mountain West Robert William Sandford, 2011-02-01 Growing populations increasing industrial use and heavy agricultural demand are beginning to tax water supplies in many regions of Canada Since many rivers are already fully allocated to numerous uses future economic and social development will depend upon how much we know about our surface and ground water resources and how effectively we manage them especially in the face of climate change The message to take home from this eloquent book is that it is time to dispel the myth of limitless abundance of water in Canada and throughout North America We all need to be mindful that though our technologically sophisticated society is largely fuelled and lubricated by refined petroleum it ultimately runs on plain water In his conclusion to this authoritative book Robert Sandford chair of Canada s United Nations Water for Life Decade offers a realistic picture of the various issues and threats related to the future availability and quality of fresh water in Canada
