The Virtues of Freedom Paul Guyer, 2016 This volume of essays by one of the world's foremost Kant scholars explores the efforts of the great Enlightenment philosopher Immanuel Kant 1724-1804 to construct a moral philosophy based on the premise that the most fundamental value for human beings is their freedom to set their own ends

War and Press Freedom Jeffery A. Smith, 1999-02-25 *War and Press Freedom: The Problem of Prerogative Power* is a groundbreaking and provocative study of one of the most perplexing civil liberties issues in American history What authority does or should the government have to control press coverage and commentary in wartime First Amendment scholar Jeffery A. Smith shows convincingly that no such extraordinary power exists under the Constitution and that officials have had to rely on claiming the existence of an autocratic higher law of survival Smith carefully surveys the development of statutory restrictions and military regulations for the news media from the ratification of the Bill of Rights in 1791 through the Gulf War of 1991 He concludes that the armed forces can justify refusal to divulge a narrow range of defense secrets but that imposing other restrictions is unwise unnecessary and unconstitutional In any event as electronic communication becomes almost impossible to constrain soldiers and journalists must learn how to respect each other's obligations in a democratic system

Nectar #30: The Desire for Freedom Babaji Bob Kindler, Swami Aseshananda, Swami Brahmeshananda, Anam Thubten Rinpoche, Lex Hixon, Kyogen Carlson, Rabbi Rami Shapiro, Annapurna Sarada, 2015-04-03 Judaism Jainism Tibetan Buddhism Zen Buddhism Vedanta and

Advaita Vedanta are all represented in full in this issue of Nectar of Nondual Truth and if we had the available pages and writers we would certainly include all the rest of the world's religious traditions herein as well. For The Religion of the coming age and of all ages recognized as such or not is Universality and its underlying essence is Nonduality. Advaita. Different liquids may be pleasing to the palate but only water really slakes our thirst. Similarly religion brings solace to embodied souls but only nonduality slakes the inner thirst of the soul yearning to be free. Odors of cooked food wafting on the air bring children running for their meal but only eating it truly satisfies their hunger. Like this the inward fragrance of religion attracts the soul to perform worship and meditate but only merging with Divine Reality fulfills all their aims and ends. The holy water and sacred food of the soul then is Universality based in Nonduality. Universality is beyond interreligious harmony and outstrips eclecticism. It breathes free, grows and expands in the rare and exalted atmosphere of the open mind of the sincere and dedicated aspirant. Like the headiness of breathless heights one feels on pilgrimage in the Himalayan mountains or the inspiration felt by taking pilgrimage to Jerusalem or the power present when going on Hajj to Mecca just so Universality verily transports the human mind to lofty experiences of Consciousness felt nowhere else not even in the life heavens or the causal realms.
