The Old Contemptibles:

The Old Contemptibles Keith Simpson, 2015-10-05 This book originally published in 1981 tells the story of the regular soldiers and reservists of the British Expeditionary Force B E F who fought in the first six months of the First World War on the Western Front This photographic history of the B E F is unique in that the photographs were taken not by official war photographers but either by the few press photographers who were able to get near the Front or by members of the B E F themselves Complementing the photographs are many first hand accounts of their experiences by Old Contemptibles and an authoritative text by Keith Simpson

The Old Contemptibles Boyd Cable, 1919 Building The Old Contemptibles: British Military Transformation And Tactical Development From The Boer War To The Great War, 1899-1914 Major Andrew J. Risio, 2014-08-15 Impressed with the tactical lessons of the Boer War the British Army reformed its doctrine and training from 1899 to 1914 deploying a combat ready force the Old Contemptibles of the British Expeditionary Force BEF in 1914 Because of these changes the BEF played a crucial role in Belgium and France in 1914 The lessons of the Boer War guided the British Army and its interwar reforms The doctrine and training developed from 1902 1914 was a significant improvement over the pre Boer War British colonial warfare tactics With Haldane s organizational reforms and Robert s new doctrine the British Army built the Old Contemptibles of the BEF The battles of 1914 showed the BEF was the equal of any European contemporary in quality of its tactics and doctrine The comparison of the BEF to the other combatants in 1914 does not stand in stark contrast The BEF performed well but no better or worse than comparable German or French units did What does stand in stark contrast is the BEF in 1914 when compared with the expedition to South Africa in 1899 The years of reform between these two expeditions were truly a crucible that built the Old Contemptibles

The Old Contemptibles Robin Neillands, 2005 The British entered World War I convinced of victory Many even predicted an end to hostilities by Christmas For the British Expeditionary Force which was instead obliterated by 1915 this proved a costly assumption In his robust re examination of the onset of war Robin Neillands reviews the exploits and character of the BEF revealing how it came to be both the focus of hasty British hopes and in the tragedy of its defeat the

catalyst for a policy shift without which the war would surely have been lost Affectionately known as the Old Contemptibles a subversion of criticism from the Kaiser the BEF was although small so highly trained and motivated that enemy lines mistook the unremitting accuracy of its rifles for machine gun fire However at Ypres it was nonetheless conclusively defeated proving that no amount of patriotism skill or valour could match superior numbers and equipment This forced the government to re evaluate conscription and military funding Using the testimony of both commanders and infantrymen Robin Neillands definitive account offers new insight into still highly and justly emotive issues why such appalling numbers perished and to what extent the course of events would have been altered had the initial reaction from Britain been different *Everyman at War* Charles Benjamin Purdom,1930 The editor invited readers of Everyman to send him personal accounts of the war in not more than three thousand words in less than three weeks he had received over three hundred narratives this is a selection
