The One And Only Looks Back:

Once a Man the One and Only Werewolf Blue North, 2014-01-24 I create the werewolf It is a transformation full blown and full out It can be very loveable he is mesmerized to delight One day he hears a fight that won't quit the aftermath finds for his lonesome the two wolves who found themselves in trouble to become his best friends for life No kidding This is not set in cartoon motif One day a killer bear pops on the scene The male takes the lead only to the dismay of his fate the old witch spots him on that particular day in the rolling years of his evolution exile She is astounded at the outcome of himself the bear yahta yahta and must tell someone of her finding and the success of such an evolution she believes is all her doing in her blackened heart She tells a professor of old money and suspicious reputation Both are interested in the new valuable brutish property of seeming worthless intellect This leads to the male getting captured His capture is where his biggest evolution turns The professor is an experimenting madman and chooses to theorize to execute with this capture Strangely then he is given a name from the book not the professor that will stay his legend for good Nonetheless the male continues the years out there until his destiny finds him The ending of his fate only brings out the moral and his evolution in that twas beauty in the end But that is not the true ending the poem is It is the history of this male who will be known in a single portrait each for the series The Five Phoenix's Did I mention Reincarnation my dears I'm all about it
