The Open Championship 2000:

The Numbers Don't Lie Wade P. White,2022-11-03 Throughout much of the highly successful golfing career of Jack Nicklaus many players arrived being touted the next Nicklaus However only one player has taken that mantle head on to move forward the standard set by Nicklaus Tiger Woods Woods explosive start in competitive golf at an early age propelled him further and faster in many areas over Nicklaus beginning with his junior amateur days But has Woods succeeded in de throning Nicklaus As both players have repeatedly stated that the standard of greatness in golf revolves largely around performance in the major championships that will be the focus of this book but not exclusively While comparing eras is typically regarded as impossible the purpose of this book is to quantify and place into perspective these two players records in such a way as to add debate to the subject of who the greatest player thus far has been **Historical Dictionary of Golf** Bill Mallon,Randon Jerris,2011-01-21 Golf has been called the greatest of all games but it has also been derided by none other than Mark Twain as nothing more than a good walk spoiled Traditional teaching holds that golf originated in Scotland around the 15th century However there is historical evidence of games similar to golf being played in the low countries of Europe back in the 13th century Over the many centuries of golf s evolution the balls used have changed greatly as have the clubs the holes the courses and the entire game itself The Historical Dictionary of Golf presents a comprehensive history of the game through a chronology an introductory essay a bibliography photos and over 300 cross referenced dictionary entries on places teams terminology and people including Arnold Palmer Greg Norman Lee Trevino Jack Nicklaus Annika S renstam Lorena Ochoa Phil Mickelson and of course Tiger Woods Appendixes of the members of the World Golf Hall of Fame the Major Championships of Golf the International Team Events and the Professional Tour Awards are also included **Sandy Parr At The 19th Hole** Mohamed Noorani,2012-11 When Mohamed Noorani writes he uses the nom de plume of Sandy Parr Sandy Parr writes mostly on golf He loves golf but he is not the typical ardent or fanatic golfer who habitually watches the World Golf Ranking Instead Sandy spends his time writhing and agonising just to understand why the incorrigible weekend golfers including him find it so hard to shave off their handicap He never pretends that he has the answer or is even near to it Nonetheless he knows from observation that the touring pros are way ahead of the weekend golf nuts simply because of their prowess in reaching the greens in regulation their superiority in the delicate chipping and pitching shots and their confidence in putting In other words the pros are superior in everything This book is a compilation of what Sandy Parr had noted about golf as seen from the eyes of a weekend golfer Sandy would advise that the easiest shots to shave off your score are found in the short game Chipping pitching and putting don t require tremendous swing speed or physical ability Plus they can be practiced in your backyard or living room Having a reliable tee shot that land in the fairway is important as well Finding the short grass off the tee is much more important than distance especially for high handicappers Pop Goes the Decade Richard A.
