The Opera And Its Future In America

Francis Trevelyan Miller

The Opera And Its Future In America:

The Opera and Its Future in America Herbert Graf, 1973 **Women in American Operas of the 1950s** Monica A. Hershberger, 2023 The first feminist analysis of some of the most performed works in the American opera canon emphasizing the voices and perspectives of the sopranos who brought these operas to life In the 1950s composers and librettists in the United States were busy seeking to create an opera repertory that would be deeply responsive to American culture and American concerns They did not break free however of the age old paradigm so typically expressed in European opera that is of women as either saintly and pure or sexually corrupt with no middle ground As a result in American opera of the 1950s women risked becoming once again opera s inevitable victims Yet the sopranos who were tasked with portraying these paragons of virtue and their opposites did not always take them as their composers and librettists made them Sometimes they rewrote through their performances the roles they had been assigned Sometimes they used their lived experiences to invest greater authenticity in the roles With chapters on *The Tender Land* *Susannah* *The Ballad of Baby Doe* and *Lizzie Borden* this book analyzes some of the most performed yet understudied works in the American opera canon It acknowledges Catherine Clement s famous description of opera as the undoing of women while at the same time illuminating how singers like Beverly Sills and Phyllis Curtin worked to resist such undoing years before the official resurgence of the American feminist movement In short they ended up helping to dismantle powerful gendered stereotypes that had often reigned unquestioned in opera houses until then The Journal of American History Francis Trevelyan Miller, 1916 Annual Report of the American Colonization Society American Colonization Society, 1872 **The Musical Leader** , 1929 **The Freeman** , 1920 **The Illustrated American** , 1891 **Church Music Review and Official Bulletin of the American Guild of Organists** , 1904 **America** Slason Thompson, Hobart C. Taylor, 1890 American Opera Elise Kuhl Kirk, 2001 A treasure trove of information American Opera sketches musical traits and provides plot summaries descriptions of sets and stagings and biographical details on performers composers and librettists for more than 100 American operas 86 photos **Musical America** , 1915 Musical Advance , 1930 American Journal of Ophthalmology , 1927 Opera Annual , 1956 Dearborn Independent , 1925 The New Music Review and Church Music Review , 1910 America in Italy Axel Körner, 2017-06-13 America in Italy examines the influence of the American political experience on the imagination of Italian political thinkers between the late eighteenth century and the unification of Italy in the 1860s Axel Körner shows how Italian political thought was shaped by debates about the American Revolution and the U S Constitution but he focuses on the important distinction that while European interest in developments across the Atlantic was keen this attention was not blind admiration Rather America became a sounding board for the critical assessment of societal changes at home Many Italians did not think the United States had lessons to teach them and often concluded that life across the Atlantic was not just different but in many respects also objectionable In America utopia and dystopia seemed to live side by side and Italian

references to the United States were frequently in support of progressive or reactionary causes Political thinkers including Cesare Balbo Carlo Cattaneo Giuseppe Mazzini and Antonio Rosmini used the United States to shed light on the course of their nation s political resurgence Concepts from Montesquieu Rousseau and Vico served to evaluate what Italians discovered about America Ideas about American domestic manners were reflected and conveyed through works of ballet literature opera and satire Transcending boundaries between intellectual and cultural history America in Italy is the first book length examination of the influence of America s political formation on modern Italian political thought **The Cambridge History of American Music** David Nicholls,1998-11-19 The Cambridge History of American Music first published in 1998 celebrates the richness of America s musical life It was the first study of music in the United States to be written by a team of scholars American music is an intricate tapestry of many cultures and the History reveals this wide array of influences from Native European African Asian and other sources The History begins with a survey of the music of Native Americans and then explores the social historical and cultural events of musical life in the period until 1900 Other contributors examine the growth and influence of popular musics including film and stage music jazz rock and immigrant folk and regional musics The volume also includes valuable chapters on twentieth century art music including the experimental serial and tonal traditions **American Florist** ,1901 **International Military Digest** ,1916

This is likewise one of the factors by obtaining the soft documents of this **The Opera And Its Future In America** by online. You might not require more epoch to spend to go to the ebook establishment as without difficulty as search for them. In some cases, you likewise get not discover the pronouncement The Opera And Its Future In America that you are looking for. It will completely squander the time.

However below, in the manner of you visit this web page, it will be as a result certainly simple to acquire as capably as download guide The Opera And Its Future In America

It will not acknowledge many grow old as we tell before. You can realize it though put on an act something else at house and even in your workplace. hence easy! So, are you question? Just exercise just what we have the funds for under as capably as evaluation **The Opera And Its Future In America** what you past to read!
