**The History of Freemasonry** Albert Gallatin Mackey, 2012-03-07 Written by an expert on the craft this classic traces Freemasonry's origins from biblical times to its practice among America's founding fathers It also explores philosophical symbolic and ritual traditions

**The Origins of Freemasonry** Margaret C. Jacob, 2007-01-24 Can the ancestry of freemasonry really be traced back to the Knights Templar Is the image of the eye in a triangle on the back of the dollar bill one of its cryptic signs Is there a conspiracy that stretches through centuries and generations to align this shadow organization and its secret rituals to world governments and religions Myths persist and abound about the freemasons Margaret C Jacob notes But what are their origins How has an early modern organization of bricklayers and stonemasons aroused so much public interest In *The Origins of Freemasonry* Jacob throws back the veil from a secret society that turns out not to have been very secret at all What factors contributed to the extraordinarily rapid spread of freemasonry over the course of the eighteenth century and why were so many of the era's most influential figures drawn to it Using material from the archives of leading masonic libraries in Europe Jacob examines masonic almanacs and pocket diaries to get closer to what living as a freemason might have meant on a daily basis She explores the persistent connections between masons and nascent democratic movements as each lodge set up a polity where an individual's standing was meant to be based on merit rather than on birth or wealth and she demonstrates beyond any doubt how active a role women played in the masonic movement

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing or, if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and, to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers. Generally, Trieste books are purchased singly on demand; however, they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.
