**The Thirteenth Juror** Nelda Holder, 2015-11-13 The death of Michael Brown Jr in Ferguson Missouri on August 9 2014 has become a touchstone for reform in three areas of American society the high incidence of black citizens killed by white policemen the pattern and effect of systemic racism in the countrys criminal justice system the need for study and reform of current federal and state grand jury systems The Thirteenth Juror illustrates the pitfalls of the grand jury system by inviting readers to take a seat with the 12 people selected as grand jurors in the Michael Brown case and to share the evidence and process they went through Details that were not openly or adequately questioned are highlighted and the impact of the posture and attitude of the prosecuting attorneys is explored Disparities are uncovered in the narrative of Ferguson Police Officer Darren Wilson who was responsible for Browns death and the process of informing or misinforming jury members regarding the law s governing their deliberations is given critical attention Ultimately throughout the 24 days of testimony the deeply human side of this tragedy is shared And measured against the history of the grand jury process itself this is a case study illustrating the need for examination and reform Transportation Energy Conservation Data Book ,1977

*A Crown and a Cross* Andrew Goodhead,2010-04-09 This book critically reviews the origins development and decline of the Class Meeting Beginning with an overview of the religious and societal milieu from the sixteenth century and examining the heritage of John and Charles Wesley the inheritance John Wesley took from the past is studied The rise of the Anglican Unitary Societies is considered and Wesley s active work within those societies drawn out The arrival of the Moravians in London in 1738 to form a group for Germans resident in London influenced many of the Anglican society members not least the Wesley brothers These influences are also considered before the Methodist movement and particularly the Class Meeting are considered in detail This book is unique in its drawing together the manner of religious association experienced in the Evangelical Revival and aims to show how Methodism was a fusion of pre existing ideas formed into a new working model of

religious association Paramount to the success of the early Methodist was the Class Meeting This book draws on testimony diary and journal records to provide first hand accounts of people s lives being changed through attendance at the Class Meeting and its making possible growth in grace and holiness In the early period of Methodism the Class Meeting was the crown to Methodist identity An analysis of the primary aims of this meeting which gave the Methodist people their distinct characteristics is followed by a study of the social identity and group processes that occurred when prospective members considered joining the Methodists The decline of the Class Meeting to 1791 forms the concluding chapters and using three classic sociological models Weber routinisation Durkheim totemism and Troeltsch primary secondary religion as themes the reasons why the class became a cross are examined Journal diary and testimonial material support the Methodists declining interest in the class that led to its irrelevance for a people seeking respectability rather than an immediate encounter with God
