True Ghost Stories and Hauntings Travis S. Kennedy,2016-03-14 Incredible True Paranormal Accounts True Ghost Stories And Hauntings From The Past Scientists studying parapsychology try to establish many possible theories to justify a paranormal claim Sometimes they successfully rationalize the mystical incidences with explainable scientific data and facts But when they fail it becomes an unsolvable mystery and controversial phenomena for future generations We know that some places on earth are cursed and are not safe for human habitation But can we always scientifically explain or rationalize why some places or objects are so unlucky or why we sometimes see or feel things that no one else does In this book we will tell you of some real ghost stories stories of mysterious objects and a number of very tragic incidents that have been hard for science to logically define This book contains a number of ghastly incidents that no scientist or criminal investigator could ever rationally justify Read these disturbing stories from the past yourself and see if you can connect the theories or justify each and every phenomenon to establish them as rationalized events

True Paranormal Hauntings Max Mason Hunter,2016-04-29 14 Spine Chilling Tales Of True Ghost Stories And Hauntings True Paranormal Hauntings To Keep You Up At Night Some ghost stories send tingles of excitement down your spine while others make you

gulp as you dig deeper into the shocking tale Other ghost stories will make you shiver with fear and hug your blanket tightly as you stare out your window and wonder what exists in the vast expanse of darkness that envelops your room during the night time Very few ghost stories have the potential to grab you from the very start and pull you into the world where restless spirits malevolent beings and other paranormal entities rule a world where humans have very little control and they have to succumb to the nefarious will of these terrorizing beings and hope that God himself offers them a way of escape Whether you want to believe it or not this is the world that we live in These creatures live amongst us and some of them can't wait for the perfect opportunity to strike so they can kill you or pull you down into their dark inescapable realm Many before you were skeptical until they had their menacing experiences with the ghosts themselves Not many have lived to tell the tale but the few who have lived through their supernatural experiences with the underworld have passed on the stories from generation to generation and now here they stand before your very eyes
