Aquinas Ethicus: The Moral Teaching of St. Thomas, Vol. 2 St. Thomas Aquinas, 2016-10-17 St. Thomas is not only the king of theologians but the prince of moralists and it has seemed a pity that his own words on matters of daily practice should have been so long inaccessible to the English reader Technical Latin is not attractive to those who are unversed in it and the student of ethics might be easily bewildered by the large admixture of speculative theology in the Summa In this translation the separation of ethics from theology has been carried out in the main and the English has been made as simple as the subject matter permits This is volume two out of two and a translation of the principal portions of the second part of the Summa Theologica including more than four hundred endnotes

Summa Theologica Selections Thomas Aquinas, 2018-12-01 Medieval Christians dubbed Thomas Aquinas 1225-1274 the Angelic Doctor No wonder they did His penetrating thoughts probed the depths of divine revelation Few thinkers have shaped Christians minds and stirred their hearts more profoundly Begun in 1265 but unfinished at his death the Summa Theologica is Thomas's magnum opus In it he sets forth cases for the existence and nature of God He teaches and defends the Christian faith's solid foundation Some Christian thinkers influence the day in which they live Some like Thomas leave a profound impact on generations Some pastors and theologians speak only to the head and some only to the heart A precious few can speak with carefulness and charity to both and Thomas Aquinas may be chief among them
