Something For Nothing:

Something For Nothing Kevin Everett FitzMaurice, 2011 This book is a compilation of sayings useful to understanding Eastern thought and General Semantics The agreement between General Semantics and Eastern philosophy is profound illuminating and deepens the understanding of both For instance the expressions The description is not the described and The thought is not the thing are found in both Eastern philosophy and General Semantics Both systems arrive at reality as nonverbal silent and beyond comprehension with thought This despite the fact that one is spiritual and one is atheistic Two entirely different approaches arriving at the same ultimate conclusions is exciting and enlightening You will find the sayings herein amusing helpful interesting and thought provoking Let the sayings pass that don't open to you now Focus on the sayings that bring stillness Listen beyond the words Feel rather than think the sayings through Sense rather than think the music behind the words
