Beyond Your Life Is Poetry: Every Motion, Every Pulse, Is Poetry in the Making Donell Jackson, 2012-04-04 I am a writer of many different areas I'm currently working on my next book called *How A Man Should Treat His Woman* This book will have a lot of things to take a relationship to another level as well as it will have a little surprise at the end for all my readers. Leading into my next following book I appreciate all the support from all my fellow readers and I will continue to bring you more things to read and open your eyes to different things that life holds. I don't mind helping out up and coming poets so if you would like to have a section in my next poetry book in the amateur section you can contact me at truepoetrylive.com I wouldn't mind featuring you if you think you have what it takes and would like to get one of your poems out contact me with your contact information. Contact is not for royalties but for advertisement purposes only. Thank you **Still Growing**

Donald Capps, 2014-11-10 The later adult years are commonly viewed as a period in which one struggles to maintain a vestige of the physical, mental, and emotional vitality of one's earlier years. In *Still Growing* however, Donald Capps contends that older adulthood is actually a period of growth and development and that a central feature of this growth and development is the remarkable creativity of older adults. This creativity is the consequence of the wisdom gained through years of experience but is also due to a newly developed capacity to adapt to unprecedented challenges integral to the aging process. Part 1 illustrates the challenges of transitioning to older adulthood from the author's own experiences. Part 2 draws on material from Erik H. Erikson, Sigmund Freud, and Paul W. Pruyser to account for longevity, adaptability, and creativity in older adults. Finally, part 3 focuses on the work of both William James and Walt Disney to fashion a model of creative aging.
