Tale Goes with the Hide Rod Paisley,1980-01-01 *Tales of the Nature's Hidden Wonders* Kavita Anjal,2025-04-23 This book is a heartfelt tribute to nature's hidden wonders breathtaking places tucked away in remote corners of the Earth From ocean depths to mountain peaks it explores natural phenomena that blend beauty mystery and science Each chapter tells the biography of a different wonder revealing its geography history ecology and the human stories tied to it From the burning Darvaza Gas Crater to the deep Dean's Blue Hole the book captures nature's awe inspiring power and the human drive to explore it Inspired by a lifelong curiosity the author celebrates explorers and scientists who uncovered these marvels and highlights the cultural and scientific value they hold Alongside wonder the book also addresses the growing threats these sites face like climate change and human interference urging readers to embrace conservation Through engaging storytelling it offers a rich journey into Earth's secret treasures reminding us of nature's majesty and our duty to protect it *Let the Tail Go with the Hide* Ben F. Williams,Teresa Williams Irvin,1984 Tales from Daler Cottage: Unearthing the Hidden Messages within my Children's Stories Madeleine Watson,2019-03-11 A troubled writer's true story into a hidden past via her children's mysteries Between the ages of nine and sixteen 1975-1982 I wrote a series of children stories unaware of the dark truths hidden within My childhood home Daler Cottage was my world but was also a place of secrets I kept a diary at the time These eighties childhood journals have provided a window into my thoughts and experiences whilst I wrote these stories Now decades later a shocking discovery at the age of 51 has enabled me to peel back the layers to see ominous messages seeping upwards like oil rising from the earth In this book I have set out these unsettling discoveries about my past after a decoding process Through the lens of my diary I have laid bare the dark undercurrents of these innocent tales This book is not a biography nor about my family but an exploration of these hidden truths Come along as I unravel the mysteries of my childhood writing the terrible truth laid open to see how even the most innocent of children's stories can hold the darkest secrets With illustrations and diary excerpts The Secrets of Hidden Knowledge Ayub V. O. Ofulla,2013-08-01 In *The Secrets of Hidden Knowledge* author Prof Ayub V O Ofulla presents the basic physics of life as it relates to molecular physical realities of life itself or social life as it relates to the individual Grounded on physical biological and social sciences intertwined with information from ancient writings and scriptures *The Secrets of Hidden Knowledge* provides the foundation to help you maintain order in your life avoid or tackle situations that are chaotic and act as stumbling blocks and embrace unavoidable chaotic situations and use them for innovative survival and faster progress You can also come to understand how the basic nature of the physical universe is part and parcel of your life and realize the part of nature your life occupies and how it shapes you and your progress or failure in the world You can successfully exist and change your attitude to live a peaceful harmonious and progressive life Provocative and informative *The Secrets of Hidden Knowledge* shows that ever prevalent chaos brings failure Thus it is imperative to create a balance to only allow a bit of chaos to help us embrace change

conduct research and innovate to help us progress and live more harmonious lives This book demonstrates how we can learn from Mother Nature whose creative genius consists in nothing but perpetual ordering of chaos The book will both inform and inspire Oliver Okoth Achila JKUAT Scholar

Hidden in History: The Untold Stories of Women During World War I and World War II Rachel Basinger ,2019-05-28 In 2013 the U S Secretary of Defense officially lifted the ban on women in the military serving in combat But a century before women were involved with the military in ways you might not realize In both World War I and World War II women across the globe were invaluable to their home countries regardless of which side they fought on For much of the 20th century it was common for most women to be housewives But with most men off fighting on the front it was up to the women to keep their countries running Many women supported the war effort in traditional ways like planting victory gardens and buying war bonds but they also held titles like spy war correspondent code breaker and pilot A few women even disguised themselves as men to join them in battle With Hidden in History The Untold Stories of Women During World War I and World War II the often forgotten role of women from across the globe who served on the front lines and on the home front is remembered and honored Brave women crossed battle lines and served their nation as real life Rosie the Riveters changing the role of women in society forever From Ida Mullerthal the World War I spy with classified information tattooed on her back to Mary Amanda Sabourin one of the first female U S Marines read the untold stories of what the American War Department called the vast reserve of woman power
